AIF AB.LV Global USD ETF Fund
Annual report 2008
Investment manager report

The open-end investment fund AB.LV Global USD ETF Fund (hereinafter – the Fund) was registered on 23 March 2007 as an equity fund having the US dollar as its base currency.

The investment management company IPAS AB.LV Asset Management (hereinafter – the Company) was registered with the Republic of Latvia Enterprise Register on 4 August 2006 under No. 40003814724. The Company holds Licence No. 06.03.07.263/204 to operate as an investment manager, and its address is Riga, Elizabetes iela 23.

The investment objective of the Fund is long-term capital growth, by making investments mainly in exchange traded funds (ETF) and other instruments traded on US and European stock exchanges, which represent the value of stocks, as well as the value of particular sectors of economy of various countries. It is also acceptable that funds are invested in stocks, which have essential weight in the main index of the chosen country.

The Fund's investment portfolio is diversified among investments in various countries, thus ensuring higher investment safety and protection against fluctuations of the Fund's asset value, which are characteristic of investments in securities of one country.

The year 2008 was the second business year for AIF AB.LV Global USD ETF Fund. At the end of 2008, the Fund's assets amounted to USD 12,024,476 (LVL 5,952,115), while its net assets were USD 11,991,732 (LVL 5,395,907), and the annual return since inception was - 20.54%.

Such a low annual return of the Fund is mostly due to the global financial crisis of 2008 and the rapid drop in prices of financial instruments on world's stock markets, which produced a negative effect on both emerging and developed market ETFs.

In the reporting year, the annual remuneration payment for the Fund's management amounted to 2% of the average asset value, which does not exceed the maximum expense limit fixed in the Prospectus, i.e. 5%.

In August 2008, the investment funds managed by IPAS AB.LV Asset Management had the minimum investment amount reduced for funds or subfunds to USD 1,000. In addition, the minimum investment increment requirement was annulled.

The Company analyses the political and economic situation on an ongoing basis, as well as conducts the comparative and technical analysis, the analysis of macroeconomic indicators, and the summary analysis of the recommendations for various financial markets given by the world's leading brokers and analysts.

To keep the existing customers and potential investors of IPAS AB.LV Asset Management informed about the situation on the global financial markets, since July 2008 AS Aizkraukles banka has been publishing on its homepage the detailed monthly macroeconomic analysis of the chief analyst. Meanwhile, since November 2008 those customers which have made investments in the funds of IPAS AB.LV Asset Management have been sent monthly Fund Manager's commentaries and opinion regarding the market situation, performance of the funds, and activities of the Fund Manager.

The Company has always been focusing specifically on risk management in order to ensure proper diversification and achieve risk minimisation. The Company has the Investment Committee set up, which determines the investment policy to be pursued by the Company, hedging limits, and financial markets to enter into transactions involving financial

instruments. The members of the Investment Committee are the leading financial market specialists of AS Aizkraukles banka and the Company.

The Company will seek to provide the utmost efficiency in management of the Fund's assets also in future in order to increase the number of investors and achieve growth of net assets in 2009. The management of IPAS AB.LV Asset Management would like to express their deep gratitude to customers for loyalty and successful cooperation.

NOTE 2 INFORMATION ON PRINCIPAL ACCOUNTING POLICIES

Statement of Compliance

The financial statements of AIF AB.LV Global USD ETF Fund (hereinafter, the Fund) have been prepared in accordance with laws of the Republic of Latvia, the FCMC Regulations on Annual Reports of Investment Funds, and International Financial Reporting Standards as adopted in the EU.

During 2008, the Fund consistently applied accounting policies in line with those disclosed in the prior-year financial statements, except for the changes listed below in *Amended IFRS and IFRIC that came into effect in the reporting period*.

Amended IFRS and IFRIC that came into effect in the reporting period

The Fund has applied the following IFRIC which were amended or enter into force in the reporting year but which do not have a material impact on the financial statements.

IAS 39 *Financial Instruments: Recognition and Measurement* and IFRS 7 *Financial Instruments: Disclosures* adopted on 13 October 2008 by the International Accounting Standards Board and the EU

IFRIC 11 *IFRS 2 Group and Treasury Share Transactions*

IFRIC 12 *Service Concession Agreements*

IFRIC 14 *IAS 19 The Limit on Defined Benefit Asset, Minimum Funding Requirements and their Interaction*

IFRIC 16 *Hedges of a Net Investment in a Foreign Operation*

AIF AB.LV Global USD ETF Fund
Annual report 2008
Notes

IFRS and IFRIC that have been issued but are not yet effective

The Standards and Interpretations which have been issued as at the date of these financial statements but will be effective for annual periods beginning on or after 1 January 2009 and which have not been applied by the Fund retrospectively:

IFRS 8 *Operating Segments* (effective once adopted by the EU, but not earlier than for annual periods beginning on or after 1 January 2009). The Standard sets out requirements for disclosure of information about an entity's operating segments in breakdown by components that management uses to make decisions about operating matters.

IAS 1 *Presentation of Financial Statements* (revised) - *Capital Disclosures* (effective once adopted by the EU, but not earlier than for annual periods beginning on or after 1 January 2009). This amendment requires the company to make disclosures of the objectives, policies and processes of managing capital.

IAS 23 *Borrowing Costs* (revised) (effective once adopted by the EU, but not earlier than for annual periods beginning on or after 1 January 2009). This Standard shall be applied in accounting for borrowing costs. This Standard requires disclosing the policy regarding the accounting for borrowing costs.

IFRIC 13 *Customer Loyalty Programmes* (effective once adopted by the EU, but not earlier than for annual periods beginning on or after 1 July 2009). The Interpretation deals with the accounting for loyalty credits.

IFRS 3 *Business Combinations* (revised) (effective once adopted by the EU, but not earlier than for annual periods beginning on or after 1 July 2009). IFRS 3R introduces a number of changes in the accounting for business combinations that will impact the amount of goodwill recognised, the reported results in the period that an acquisition occurs, and future reported results.

Amendment to IFRS 2 *Share-based Payment* (effective once adopted by the EU, but not earlier than for annual periods beginning on or after 1 January 2009). The amendment clarifies the definition of a vesting condition and prescribes the treatment for an award that is effectively cancelled.

IAS 27 *Consolidated Financial Statements and Accounting for Investments in Subsidiaries* (revised) (effective once adopted by the EU, but not earlier than for annual periods beginning on or after 1 July 2009). This Standard is applied in the preparation and presentation of consolidated financial statements for a group of entities under the control of the investor and in accounting for investments in separate financial statements of the investor's parent.

IAS 32 and IAS 1 *Presentation of Financial Statements – Puttable Financial Instruments and Obligations Arising on Liquidation* (revised) (effective once adopted by the EU, but not earlier than for annual periods beginning on or after 1 January 2009).

IFRS 1 and IAS 27 *Accounting for Investments in Subsidiaries, Jointly Controlled Entities or Associates* (revised) (effective once adopted by the EU, but not earlier than for annual periods beginning on or after 1 January 2009).

Improvement to IFRS (2008) (effective once adopted by the EU, but not earlier than for annual periods beginning on or after 1 January 2009).

AIF AB.LV Global USD ETF Fund
Annual report 2008
Notes

IFRIC 15 *Agreement for the Construction of Real Estate* (effective once adopted by the EU, but not earlier than for annual periods beginning on or after 1 January 2009).

IFRIC 17 *Distributions of Non-cash Assets to Owners* (effective once adopted by the EU, but not earlier than for annual periods beginning on or after 1 July 2009). The Interpretation provides guidance on the appropriate accounting treatment when an entity distributes assets other than cash as dividends to its shareholders.

The Fund expects that the initial application of the pronouncements listed above will have no significant impact on the financial statements.

Significant Accounting Estimates and Assumptions

The preparation of financial statements in accordance with IFRS as adopted by the EU requires the management to make estimates and assumptions that affect the reported amounts of assets, liabilities, income and expense, and disclosure of contingencies. Future events occur which cause the assumptions used in arriving at the estimates to change. Such estimates and assumptions are based on most reliable information available to the management in respect to specific events and actions. The effect of any changes in estimates will be recorded in the financial statements when determinable. The significant areas of estimation and assumptions relate to determining the fair value of financial assets.

Basis of Preparation

The financial statements are prepared on a historical cost basis, as modified for the measurement at fair value of held-for-trading securities.

The monetary unit used in the financial statements is lat (LVL), the monetary unit of the Republic of Latvia. The financial statements cover the period 1 January 2008 through 31 December 2008.

Information given herein in brackets represents comparative figures for the year ended 31 December 2007, unless otherwise stated.

Revenue and Expense Recognition

All major revenue and expense items are recognised on an accrual basis.

Commission and fee revenue and expense are included in the statement of income and expense over the period or at a specific time, except for commission and fee revenue and expense directly attributable to financial assets and liabilities measured at amortised cost – for these assets and liabilities the respective commission and fee revenue and expense form an integral part of the effective interest rate.

Foreign Currency Translation

The Fund's functional currency is the US dollar but, according to the FCMC requirements, the Fund ensures accounting also in Latvian lats. These financial statements are prepared based on transaction accounting in Latvian lats. All assets and liabilities denominated in foreign currencies are translated into Latvian lats at the official exchange rate established by the Bank of Latvia at

AIF AB.LV Global USD ETF Fund
Annual report 2008
Notes

the last day of the reporting period. Income or expense resulting from changes in exchange rates is included in the statement of income and expense of the reporting period. Transactions denominated in foreign currencies are recorded in Latvian lats at the official exchange rate established by the Bank of Latvia at the date of the transaction.

Assets and liabilities denominated in foreign currencies are translated into Latvian lats at the following official exchange rates established by the Bank of Latvia at the balance sheet date:

	<u>31/12/2008</u>	<u>31/12/2007</u>
USD 1	LVL 0.495	LVL 0.484

Cash

Cash comprises Fund's demand deposits with credit institutions. Cash and cash equivalents are highly liquid investments that are readily convertible to known amounts of cash and that are subject to an insignificant risk of change in value.

Investments in securities

The Fund recognises financial assets and liabilities in its statement of assets and liabilities when, and only when, the Fund becomes a party to the contractual provisions of the instrument.

Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss are held-for-trading securities, i.e. securities acquired for generating a profit from short-term fluctuations in price.

Securities are initially recognised at cost and subsequently re-measured at fair value based on the bid prices. Securities purchase and sale transactions are recognised on the trading date. The cost of securities sold is defined on a FIFO (first in, first out) basis.

A financial asset is derecognised only when the contractual rights to receive cash flows from the asset have expired, or the Fund has transferred the financial asset and all the risks and rewards of the asset to the counterparty.

Fair Value of Financial Assets and Liabilities

Fair value of financial assets and liabilities represents the amount at which an asset could be exchanged or a liability settled on an arm's length basis. Where, in the opinion of the Fund's management, the fair values of financial assets and liabilities differ materially from their carrying amounts, such fair values are separately disclosed in the notes to the financial statements.

Provisions

Provisions are recognised when the Fund has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits

AIF AB.LV Global USD ETF Fund
Annual report 2008
Notes

will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability.

Taxes

The Fund's income is subject to income taxes in the country of its origin. Basically, the Fund's income is exempt from income taxes. The Fund is not a Latvian corporate income tax payer, and upon annulment of the Fund's investment certificates, no income taxes are charged on increase in value.

NOTE 3 RISK MANAGEMENT

The key investment risks are market risk (price risk and interest rate risk), liquidity risk, credit risk, legal risk, strategic risk, informational risk, foreign investment risk, and other business-related risks. The Fund believes that its exposure to credit risk arises mainly from investments in securities and balances due from credit institutions.

The maximum exposure to credit risk is assessed without taking into account collateral and other credit enhancements.

The table below provides the analysis of the Fund's maximum credit risk exposure as at 31 December 2008:

	<u>31/12/2008</u>	<u>31/12/2008</u>

TOTAL ASSETS	9,214,882	9,214,882

AIF AB.LV Global USD ETF Fund
Annual report 2008
Notes

To keep the risk exposure at the required level, the Fund is managed following the risk diversification and hedging principles.

In developing the investment strategy and stating limits, the Company performs an analysis of the Fund's investments by maturity, geographic placements, currency profile, industry, etc., as well as assesses the risks inherent to each of the above factors.

The Company acts in strict compliance with the provisions and restrictions of the prospectuses, agreements, and Latvian laws, as well as assesses the compliance of the investments made on an ongoing basis.

The Company applies qualitative and quantitative assessments to manage financial risks:

- According to the qualitative assessment, investments are made in assets corresponding to certain parameters. In planning investments, the Company takes into consideration investment safety in each particular country and particular financial instruments and term deposits with banks, i.e. analyses credit ratings granted to the respective country, bank or company.
- The quantitative assessment is expressed as limits set for specific investment types, countries and regions, industries, specific issuers and counterparties.

When investments are made abroad, particular attention is paid to expected currency fluctuations against the Fund's base currency. For risk mitigation purposes, the Company performs:

- Country assessment according to international rating agencies scale;
- Assessment of political situation in the country;
- Assessment of economic situation in the country.

In spite of the fact that the Company makes investments only in the subfund's base currency, currency risk should also be considered. As a rule, MSCI indexes, which are indexes underlying ETFs, reflect the changes in equity prices in the currency of a respective country. Therefore, the ETF dynamics and the underlying index dynamics may differ significantly in the event of changes in the rate of the base currency against the rate of the respective country's currency. This risk is mitigated following the investment diversification principle.

NOTE 16 PLEDGED ASSETS

During the reporting year, no guarantees or collaterals have been issued by the Fund, neither has it pledged or otherwise caused any encumbrance or lien on its assets.

NOTE 17 FAIR VALUE OF FINANCIAL ASSETS AND LIABILITIES

The management of the Company believes that the carrying amounts of financial assets and liabilities approximate to their fair values. The Company assumes that the fair value of liquid financial assets and financial liabilities or financial assets and financial liabilities having short maturities (less than three months) approximates to their carrying amount. The fair value of the Fund's financial assets and financial liabilities is basically determined on the basis of the official price quotations on an active market.

INDEPENDENT AUDITORS' REPORT

To the shareholders of IBAS "AB.LV Global USD ETF Fund"

Report on the Financial Statements

We have audited 2008 financial statements of IBAS "AB.LV Global USD ETF Fund" (the "Fund"), which are set out on pages 8 through 26 of the accompanying 2008 Annual Report and which comprise the balance sheet as at 31 December 2008, the statements of income, changes in equity and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory notes.

Management's Responsibility for the Financial Statements

The Fund's management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements give a true and fair view of the financial position of IBAS "AB.LV Global USD ETF Fund" as of 31 December 2008, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards.

Report on Compliance of the Management Report

Furthermore, we have read the Management Report for the year ended 31 December 2008 (included on pages 4 through 5 of the accompanying 2008 Annual Report) and have not noted any material inconsistencies between the financial information included in it and the financial statements for the year ended 31 December 2008.
