**** As at 31 December 2015 Company's title was PRIMA BIO COOP, UAB. In January 2016 the title was changed to Auga trade, UAB.

***** As at 31 December 2015 Company's title was Agrokreditas, UAB. In May 2016 the title was changed to Auga Group, UAB.

As of 30 September 2016 the Group had 1,220 employees, 31 December 2015 – 1,084 employees. Main operations of the Group – production and sales of milk and different grain and rapeseed crops, as well as land management activities.

Basis of preparation

Except as described below, the accounting policies applied are consistent with those of the annual financial statements for the year ended 31 December 2015, as described in those annual financial statements. Taxes on income in the interim periods are accrued using the tax rate that would be applicable to expected total annual earnings.

The accompanying interim financial information for the period ended 30 September 2016 has been prepared in accordance with IAS 34, 'Interim financial reporting'. The consolidated financial information have been prepared on the historical cost basis, as modified by the revaluation of property, plant and equipment, investment property and biological assets (livestock and crops). This financial information should be read in conjunction with the annual financial statements for the year ended 31 December 2015, which have been prepared in accordance with IFRS as adopted by the EU.

The preparation of financial information in conformity with IAS 34 requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated financial information, are disclosed below.

Critical accounting estimates and assumptions

The Group makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities in future periods are addressed below.

Income taxes

Tax authorities have right to examine accounting records of the Company and its Lithuanian subsidiaries at anytime during the 5 year period after the current tax year and account for additional taxes and fines. In the opinion of the Group's management, currently there are no circumstances which would raise substantial liability in this respect to the Group.

The Group has created deferred tax liability on revaluation amounts of investment property and own assets. The applicable tax rate used was 15%, as it is planned that assets will be realized (if will be realized) after 2013 when the 15% corporate tax effect will be applicable to all Group's entities (except for the agricultural subsidiaries which are currently taxed at lower transition tax rate of 5%).

Revenues

Revenues breakdown by type was the following:

	9 months period ended 30 September	
	2016	2015
Mushrooms and compost	18,961	15,560
Milk sales	4,254	4,889
Crop sales	4,172	9,840
Cattle sales	666	1,463
Other revenues	17	289
Total	28,070	32,041

Cost of sales

Cost of sales breakdown by type was the following:

	9 months period ended 30 September	
	2016	2015

The highest effect on the cost of sales increase was caused by mushrooms and compost costs which grew in-line with mushroom sales. Dairy gross margin fell due to a significant decline in production prices. Cattle gross margin was influenced by the fact that in 2015 the Group were selling mature bull meat with minimal loss impact to gross margin while in 2016 no more bulls were held for sale.
