MANAGEMENT REPORT

General information

The joint stock company HansaMatrix (hereinafter – “HansaMatrix” or “the Company”) is a leading Baltic electronic system product developer and manufacturer. The Company is actively operating integrated product manufacturing services in industrial systems, data network infrastructure, Internet of Things, medical and several other B2B (business-to-business) market segments. HansaMatrix is actively growing its knowledge business, product development engineering teams and building knowledge platform for future business development. Building on its 17-year experience and its business mission, which is to develop global technology products, the Company makes itself a valuable asset assisting customers in the achievement of success on global markets.

Business environment

Current trends in global markets have been strongly influenced by recent political agenda, Brexit vote in UK, President Elections in USA and France. UK Brexit vote and USA election results have stressed existing problems with employment for low skilled labor in both countries.

Events have given new positive impact to global technology and capital markets. There are clearly observable continuous development of global telecommunication data networks and internet infrastructure. The global trend in new product development continues to happen at start-up company labs, which frequently require professional support from product development and manufacturing companies.

July 28, 2017 Latvian Saeima endorsed a new Corporate Tax Law that introduces a new CIT (corporate income tax) regime which provides that CIT is payable at a moment of profit distribution – dividend payments. There are changes also in number of tax relieves and exemptions. Changes taking place from January 1st, 2018.

Finance results brief summary

During the third quarter (“Q3” further in document) of 2017 the Company reported record high turnover of 5.222 million EUR - increase by 15% in comparison to the same period of 2016. It is well in line with expectations. The 2017 Q3 sales results showed 8% sales volume increase in comparison with previous quarter – 2017 Q2 what reflects usual seasonality pattern.

During 9 months (“9m” or “M9” further in the document) of 2017 the Company reported sales volume increase by 22% compared to the same period of 2016 and reached 14.557 million EUR.

During 2017 Q3 the Company reported record high quarterly EBITDA result of 1.123 million EUR and quarterly net profit result of 0.533 million EUR. The reported EBITDA result shows 54% increase in comparison with Q3 2016 and 44% increase from previous quarter of 2017 Q2. The quarterly net profit results for 2017 Q3 demonstrate 73% increase in comparison with Q3 2016 and 114% increase from previous – Q2 2017. Results represent quarterly EBITDA margin of 21.5% and net profit margin of 10.2%.

During 9 months of 2017 the Company reported record high 9 month EBITDA result of 2.870 million EUR and 9 month net profit result of 1.194 million EUR. The reported EBITDA result shows 74% increase in comparison with 2016 9m period. The net profit results for 2017 9m demonstrate 167% increase in comparison with 2016 9m period. Results represent 9 month EBITDA margin of 19.7% and net profit margin of 8.2%.

Increasing levels of 2017 Q3 and 9 month result margins to large extent can be explained of increased market demand for higher margin products that have been manufactured and sold during Q3 and 9 months of 2017 as well as increased utilization of recently invested new production capacities in production fulfilment.

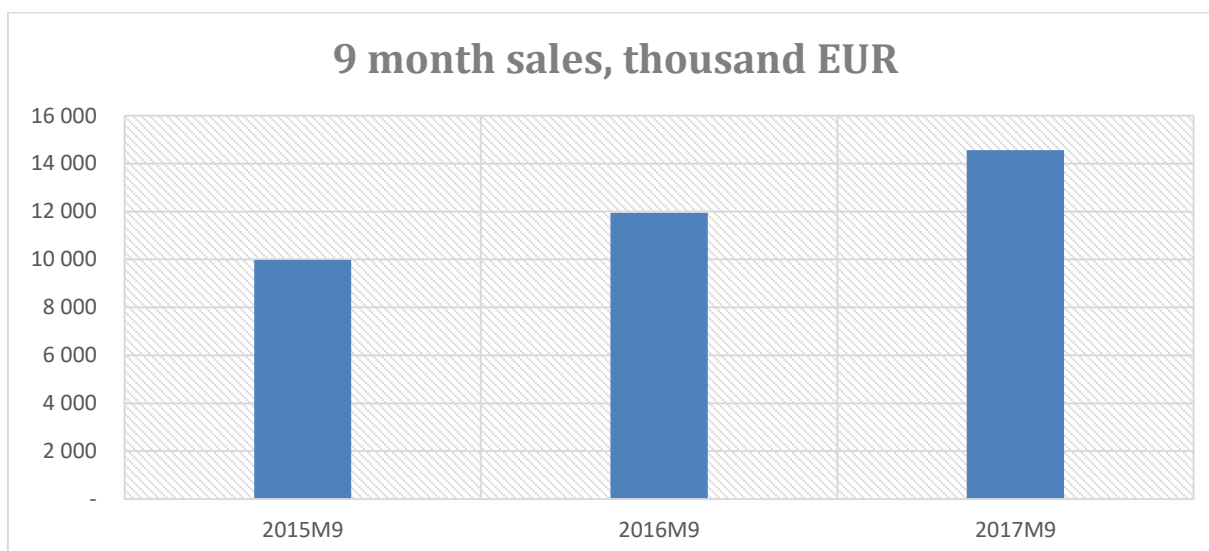

Quarterly sales results for 2017 Q3

During the third quarter (“Q3” further in document) of 2017 the Company reported record high turnover of 5.222 million EUR - increase by 15% in comparison to the same period of 2016. It is well in line with expectations. The 2017 Q3 sales results showed 8% sales volume increase in comparison with previous quarter – 2017 Q2 what reflects usual seasonality pattern.

9 month sales results

During 9 months (“9m” or “M9” further in the document) of 2017 the Company reported sales volume increase by 22% compared to the same period of 2016 and reached 14.557 million EUR.

Quarterly sales by market region results for Q3

During 2017 Q3 main sales drivers continue to be Baltic customers with 45% market share of turnover. Nordic and other EU sales reported as 26% and 26% of total sales. HansaMatrix during Q3 continued to deliver to customer locations outside EU. This market share has slightly decreased to 3%.

Sales dynamics of regions – Baltic sales was 10% up from 2016 Q3 and 6% up from 2017 Q2; Nordic sales was 13% down from 2016 Q3 and 28% up in comparison with 2017 Q2. Other EU region sales was reported with 58% growth from 2016 Q3 and 11% growth from 2017 Q2. Outside EU deliveries decreased by 53% from 2017Q2.

Data table - Quarterly sales by region, thEUR

Sales, thEUR	2015Q1	2015Q2	2015Q3	2015Q4	2016Q1	2016Q2
Baltic countries	1 210	1 252	1 705	1 258	1 382	1 603
Nordic countries	1 081	1 161	1 335	1 219	1 200	1 345
The rest of EU	615	824	763	931	748	1 109
Outside EU	-	-	-	-	-	-
Total	2 906	3 237	3 804	3 408	3 330	4 057

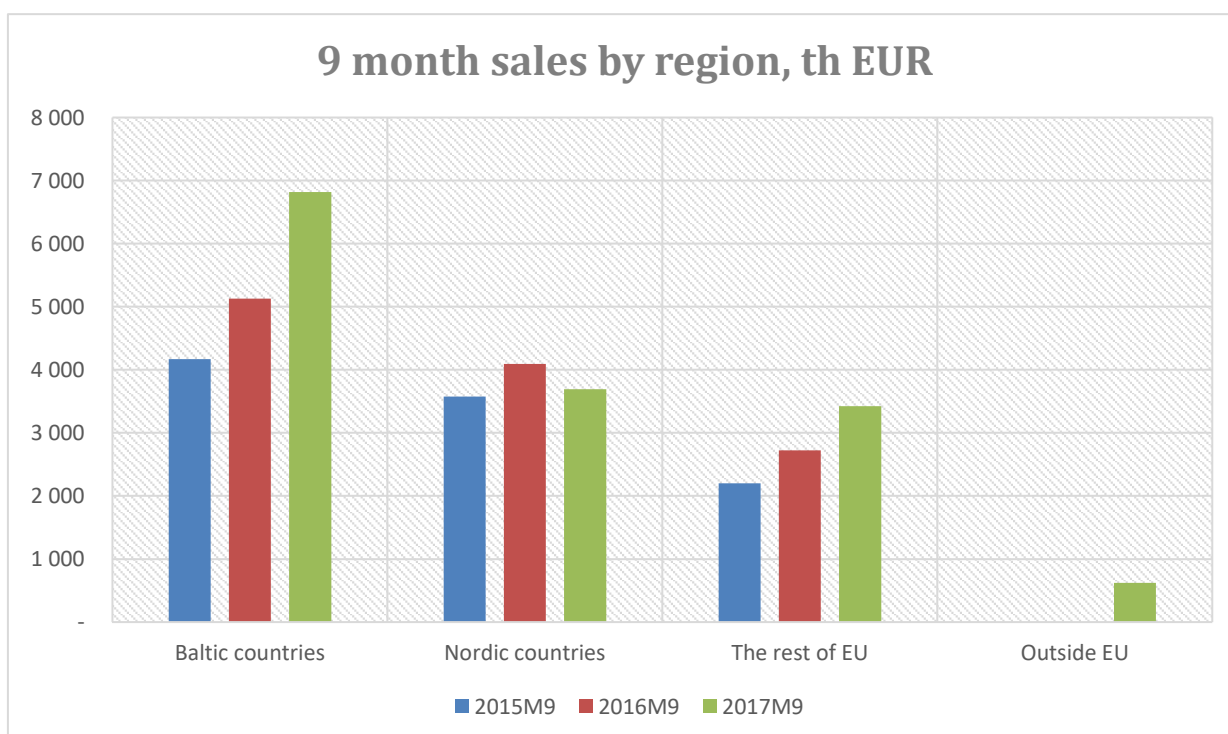

2016Q3	2016Q4	2017Q1	2017Q2	2017Q3
2 143	2 562	2 244	2 224	2 351

Research and development

Starting with 2017 Q1 HansaMatrix concentrated all new product and technology development activity and assets in HansaMatrix Innovation, SIA – 100% owned subsidiary.

During last two years HansaMatrix R&D engineering teams have developed world class competence in some electro optics areas, such as AR/VR hardware, heads up display optical systems, fast structured light projection systems or 3D robotic vision systems. R&D team currently includes 22 engineers and researchers out of whom 6 hold Dr.Sci.Eng. Degrees in optics, physics and electronics.

During 2017 Q3 quarterly R&D sales has shown decrease of 22% in comparison with Q2 and accounts for 4.3% share of Company's consolidated sales in Q2. Previous year R&D sales results has not been accounted as separate activity and are not available for comparison. R&D grant income has not been included in reported R&D sales figures.

Data table - quarterly R&D turnover for 2017 Q3

Quarterly R&D turnover, thEUR	2017Q1	2017Q2	2017Q3
Quarterly R&D turnover	98	289	225

During 9 months of 2017 R&D sales has reached 0.612 million EUR what represents 4.2% share of Company's consolidated turnover. Previous period R&D sales results has not been accounted as separate activity and are not available for comparison. R&D grant income has not been included in reported R&D sales figures.

During Q3 2017 the consortium of AS "HansaMatrix", SIA "HansaMatrix Innovation", SIA "LightSpace Technologies" and SIA "EUROLCDs" continued realization of a research and development project supervised by "Centrālā Finanšu un līgumu aģentūra" with project title "Real time 3D volumetric imaging technology development" in cooperation with SIA "LEO Pētījumu centrs", financed by European Regional Development Funds (ERDF). Overall budget of the project - 665 046 EUR.

During 9 months of 2017 the Company received project funding amount of 266 thousand EUR.

On September 1, 2017, the group's R&D subsidiary SIA "HansaMatrix Innovation" entered into a new real estate lease contract for the lease of larger premises to host growing R&D engineering and business development teams at Ziedleju iela 1, Marupe, LV2167, Latvia. New premises will allow to increase new R&D product and business development activities.

**Investment activities**

The most significant investments in 2017 Q3 were made in extending capacity of the SMT (surface mount technology) production assembly lines at the HansaMatrix Ventspils manufacturing plant. Additional two high productivity NXT robotic assembly modules were added to one of existing assembly lines. In addition to small existing capacity a new wave soldering line were installed. The total investment cost was approximately 550 thousand EUR. Important investments were made also in Pārogre plant – installed a new conveyor systems to automate some of the process around AOI systems. The project costs were around 150 thousand EUR. The investments were financed from own investment and by borrowing of funds in a leaseback arrangement from credit institution.

During 9 month period of 2017 HansaMatrix made approximately 1.70 million EUR investments in production capacity increase, research instruments, test systems and development of new products. During 2017 Q3 approximately 1 million EUR from the total investment amount were made. In addition to mentioned amount Company has financed development of construction project for new production building extension in amount of 135 thousand EUR.

On April 18, 2017 the Company has signed an agreement with Central Finance and Contracting Agency regarding Europe Union funded project No 1.2.1.4./16/A/021 "Experimental production set up for fabrication of volumetric three dimensional

image display hardware and components to them” implementation. Project total investment amount is 2.899 million EUR. EU and Latvian government grant amount is 1.015 million EUR. The rest of the project will be financed from company own and bank loan resources. Implementation of the project is planned for a three year period - 2017 - 2019.

On April, 2017 Shareholder SIA “Macro Riga”, has started repayment of shareholder loan, by making a first repayment of 100 thousand EUR.

On August 31, 2017 HansaMatrix group has signed a leasing financing agreement with AS Swedbank for the additional financing of 703 thousand euro. ALTUM has provided credit guarantee for the leasing financing at the amount of 562 thousand EUR.

Investment activities in associated companies

On January 10, 2017 The 200 thousand EUR investment loan to SIA “Lightspace Technologies” (“LightSpace” further in the document) was converted to shares. After the conversion the Company held 17.21% shares.

On April 21, 2017 HansaMatrix signed a joint investment agreement with KS “AIF Imprimatur Capital Technology Venture Fund” to provide next round investment of 799 365 EUR to LightSpace and with it increased participation to 33.07%. The planned investments of HansaMatrix were 649 635 EUR over 6 months period.

During 2017 Q3 HansaMatrix made investment payment tranche of 189 336 EUR in accordance with the investment agreement. During 9 months of 2017 HansaMatrix made total investments of 359 352 EUR in LightSpace Technologies, SIA.

On May 23, 2017 AS “HansaMatrix” has signed the additional share purchase agreement with “Hornell Teknikinvest” AB regarding purchase of its owned 14.21% LightSpace shares. After closing of the agreement AS “HansaMatrix” owns 47.28% of SIA “Lightspace Technologies” share capital.

According to IFRS and HansaMatrix finance accounting policies “LightSpace Technologies” after increase of shareholding share to 47.28% has reached associated company status. Its assets and revenues will not be consolidated, but net profit results will be reflected in consolidated financial report proportionally to shareholding.

Additionally there has been an ongoing product development and engineering services agreement between LightSpace Technologies and HansaMatrix Innovation which is 100% R&D subsidiary of AS HansaMatrix.

LightSpace is a “Deep Tech” product development start-up, the world leader in developing optically deep volumetric 3D image display technology with main uses in medicine, scientific visualization and AR/MR applications.

SIA “LightSpace Technologies” fully (100%) owns “LightSpace Technologies” Inc., Delaware, USA incorporated corporation, which owns IP in form of worldwide patents protecting volumetric 3D imaging technology.

During Q3 2017 HansaMatrix has provided additional 72 thousand EUR funds in form of convertible loan to associated company – “Zinātnes parks, SIA” for land plot rental payments and construction technical project development for new industrial site at Riga airport area. Due to the fact that some of previously issued convertible loans to “Zinātnes Parks” were partially repaid in Q2, 2017 9m total investments amount to 49 thousand EUR in total.

Business development overview of associated company - LightSpace Technologies

Last 4 years LightSpace Technologies (“LightSpace” further in the text) have been working on developing world leading multilayer (volumetric) 3D image display technology with main uses in medicine, scientific visualization and AR/MR applications. It holds patents for worlds all major markets.

During 9 months of 2017 LightSpace has made considerable progress in marketing of its multi plane volumetric 3D image display technology. It participated in several world leading forums - SPIE Photonics West 2017, San Francisco, CA, USA; AWE USA 2017, Santa Clara, CA, USA; SPIE Conference 2017 in Munich, Germany; Display Summit 2017 in Sterling, Virginia, USA showing its concept display device x1405, x1406 and visualization software View4X.

Based on feedback from number of demonstration and display on various shows of its concept display device X1405 the development of the new commercial product - X1406 were accomplished and the first preproduction unit shown to public during world's largest computer graphics show – SIGGRAPH 2017, August 1-3, 2017 in Los Angeles, USA.

Additionally to existing software package the new LightSpace 3D toolbox for Mathworks MATLAB was developed and demonstrated during SIGGRAPH, creating easy entry to scientific visualization market.

Several business enquiries were received during the show and after it. Positive feedback were received from several experts.

Historically most of world's leading display companies are developing and starting to commercialize their products in Silicon Valley in California. In order to join the community in April 2017 LightSpace has opened technology demo office in San Jose and started to run demo sessions for interested parties.

During September 2017 LightSpace has started commercial sales with its new x1406 display as well as R&D services. Company signed R&D contract worth more then 0.2 million EUR for new custom 3D display development with one of leading gaming and entertainment companies. LightSpace has made its first customer delivery in USA with its new x1406-A1 display.

Ilmārs Osmanis
Chairman of the Board

Statement of responsibility of the management

The Board of AS HansaMatrix is responsible for preparing the consolidated financial statements of the Parent and its subsidiaries (hereinafter - the Group).

The consolidated financial statements are prepared in accordance with the source documents and present fairly the consolidated financial position of the Group as of September 30, 2017 and the consolidated results of its financial performance and cash flows for the reporting period.

The interim condensed consolidated financial statements are prepared in accordance with International Financial Reporting Standards as adopted by the European Union, and are prepared on a going concern basis. Appropriate accounting policies have been applied on a consistent basis. The consolidated interim financial statements have been prepared based on the same accounting principles applied in the Consolidated Financial Statements for the year ended on December 31, 2016. Prudent and reasonable judgments and estimates have been made by the management in the preparation of the financial statements.

The Management Board of AS HansaMatrix is responsible for keeping proper accounting records, which disclose with reasonable accuracy at any time the financial position, financial performance and cash flows of the Parent Company and the Group and enable them to ensure that financial statements drawn up from them comply with International Financial Reporting Standards as adopted by the EU.

The accompanying notes form an integral part of these financial statements.

Notes to the consolidated financial statements**1. Corporate information**

AS HansaMatrix (hereinafter – the Parent Company) was registered with the Republic of Latvia Enterprise Register on 30 July 1999 and re-registered with the Republic of Latvia Commercial Register on 27 December 2002 under unified registration number 40003454390. The registered office of the Parent Company is at Akmeņu iela 72, Ogre. The shares of the Parent Company are listed on Riga Stock Exchange, Latvia.

2. Basis of preparation and changes to the Group's accounting policies**Basis of preparation**

The consolidated financial statements of the Group have been prepared in accordance with International Financial Reporting Standards (IFRS) as adopted by the European Union (EU). Consolidated financial statements are prepared using the historical cost basis, except when described otherwise in the accounting policies below. The financial statements of the Parent Company and its subsidiaries are prepared separately according to the relevant national legislation applicable in the reporting year.

The monetary unit used in the consolidated financial statements is the euro (EUR). The consolidated financial statements cover the period 1 January 2017 through 30 September 2017.

Amounts disclosed in the consolidated financial statements are based on the accounting records of the Group companies kept in accordance with IFRS as adopted by the EU.

3. Changes in accounting policy and disclosures

The accounting policies are consistent with those followed in the preparation of the Group's annual financial statement for the previous period 2016. The Group has evaluated new and amended IFRSs and IFRICs effective for annual periods beginning on or after 1 January 2017. No impact on the interim financial statements of the Group was identified.

The Group has not applied and has not evaluated the impact of the application of the IFRS and IFRIC interpretations that have been issued as of the date of authorization of these financial statements for issue, but which are not yet effective. The Group plans to adopt these standards and interpretations on their effectiveness dates provided they are endorsed by the EU.
