INDEPENDENT AUDITORS' REPORT

To the Shareholders of AS “KURZEMES ATSLĒGA 1”

Report on the Financial Statements

We have audited the accompanying financial statements of AS “KURZEMES ATSLĒGA 1” set out on pages 7 to 30 of the accompanying annual report, which comprise the balance sheet of 31 December 2013 and the profit and loss account and the statements of changes in equity and cash flows for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the Law of the Republic of Latvia on Annual Reports, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting

policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

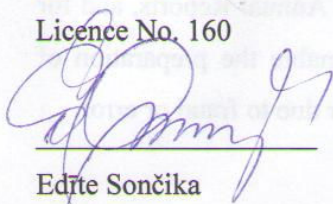

In our opinion, the financial statements give a true and fair view of the financial position of AS "KURZEMES ATSLĒGA 1" as of 31 December 2013, and of its financial performance and its cash flows for the year then ended in accordance with the Law of the Republic of Latvia on Annual Reports.

Report on Other Legal and Regulatory Requirements

We have read the management report for 2013 set out on page 4 to 5 of the accompanying annual report for 2013 and did not identify material inconsistencies between the financial information contained in the management report and that contained in the financial statements for 2013.

Accounting policy

The financial statements have been prepared in accordance with Latvian law "On Accounting" and the "Annual Accounts Law". Profit and losses are accounted in accordance with sales costs method. The cash flow statement is prepared using the indirect method

Annual report items are evaluated according to the following principles:

- 1) assuming the company will continue to function;
- 2) used the same evaluation methods as in the previous financial year;
- 3) evaluation was made with proper caution, taking into consideration the following conditions:
 - a) the report reflects only the profit by the balance day
 - b) all foreseeable risk amounts and losses, incurred during the financial year or in previous years, are taken into account, even if they became known in the period between the day of balance sheet and the annual report preparation date.
 - c) calculated and taken into account all the write-down adjustments and depreciation amounts, irrespective of whether the financial year is closed with a profit or loss;
- 4) receipts and expenditures related to financial year are included into profit and loss account, irrespective of payment date and date of issue or receipt of the invoice. the costs are consistent with receipts during corresponding reporting period;
- 5) item components of the assets and liabilities were valued separately;
- 6) the opening balance of the financial year is consistent with closing balance of the prior year;
- 7) indicated all items that have a significant impact on user rating of the annual report or decision making;
- 8) economic activities of the company are recorded and reflected in the annual report, taking into account their economic content and entity, not only the legal form.
- 9) accounting in the company is done in Latvian lats. All dealings in foreign currencies are converted into Latvian lats, using the currency rates officially determined by the Bank of Latvia at the day of corresponding deal.

Compared to the previous reporting period, accounting and valuation methods used by the Company have not been changed

Usage of estimates

During preparation of financial statements Company's board has made a number of estimates and assumptions that affect residuals of separate items, included into balance and receipt and expenditure of the financial statement as well as possible amount of liabilities. Future events may affect mentioned estimates and assumptions. Any change of such estimates and assumptions impact on Company's performance is presented in financial statements when determinable.

Long-term and short-term items

Long-term items include amounts with the receipt, payment or write-off terms due more than one year after the end of the accounting year. The amounts received, paid or written-off during the year are shown in short-term items

Earning recognition and net turnover

Net turnover is the total value of finished production and goods for sale as well as services provided without discounts and VAT during the year.

Other earnings are recognized at the moment of their origin or at the moment when legal rights on such earnings arise.

Other interest receivable and similar income is income that is not directly from the economic activity.

Fixed assets

All fixed assets originally estimated at the purchase value, excluding depreciation

Depreciation are calculated linear, accordingly confirmed parameters, using the following rates determined by administration:

	(% year)
Building, construction	2
Transmission equipment	5
Non industrial buildings	2
Technological equipment	10
The power equipment	14.3
Computers	20
Transport	14.3
Instrument	20
Inventory	10

Debts of debtors

The debts of debtors in the balance presented in net value, deducting special reserve for debts of doubtful and hopeless debtors from the initial cost. Special reserves for debts of doubtful and hopeless debtors are made, when the administration suggests that the retrieval of these specially marked debts of debtors is doubtful

Inventory.

16) All values of raw are evaluated accordingly their purchasing prices. Production in progress is evaluated accordingly the standard production costs. The finished goods are evaluated accordingly standard production costs. For calculation of stock value the average weight method is used (FIFO method.) The valuation of inventories in financial accountancy is being done using continuous inventory method

Cash and cash equivalents

For the cash flow purposes cash and cash equivalents consist of the remaining cash, current bank accounts and short-term deposits with a maturity of up to 90 days.

Accrued liabilities.

Accrued liabilities shall be clearly aware of the amount of liabilities to suppliers and contractors for the current year, goods or services for which the supply or purchase of the company's contract terms and conditions or other reasons the balance sheet date has not received a corresponding billing document. The commitment amount is calculated based on the relevant contract price and the actual receipt of good or services supporting documents.

Corporate income tax

Corporate income tax is calculated for the reporting year in accordance with regulatory requirements of the Republic of Latvia.

Deferred tax is calculated using the liability method on all temporary differences between assets and liabilities in the financial statements and its values for the tax calculation purposes. Deferred tax is calculated using the tax rates, that are in force at the date of the balance sheet, which are expected during the periods, when temporary differences smooth out. Temporary differences primarily arise from the use of different rates of depreciation of the fixed assets, as well as tax losses that are transferred to subsequent tax periods. A deferred tax asset is recognized if there is a high probability, that a taxable profit will be acquired, which will be object to the deductible temporary differences.

Provisions

Provisions for the liabilities have been made to cover the expenses of non-used holidays. These provisions for such liabilities have been represented according to their estimated value - as provisions for they are prospective by nature and they refer to the reporting year as well as to the previous years while the date of payment of such liabilities is not known at the time of reporting
