MANAGEMENT REPORT

COMMENTARY FROM MANAGEMENT

Merko Ehitus's revenue for both Q3 of 2017 and the first 9 months of the year grew by close to one-quarter – Q3 revenue was EUR 86 million and 9 month revenue was EUR 214.8 million. The group's net profit in Q3 was EUR 3.4 million and the 9 month figure was EUR 6.6 million.

The growth of group revenue in the first nine months of this year has been supported by several major construction contracts in progress. Merko Ehitus currently building large shopping centres in Tallinn and Riga, three hotels in Vilnius and a number of office buildings in Tallinn. In the opinion of the group's management, all of the construction contracts have a tight time schedule; moreover, the Merko Ehitus must operate in a market situation where a shortage of resources in the form of design engineers and capable subcontractors is increasingly problematic. This puts great demands on our project teams when it comes to organising the work process, finding optimum solutions and adopting new technologies. According to the group's management, company has a considerable portfolio of construction contracts, but it is not an easy task to realise it in a profitable manner, as company is exposed to both market risks and contract risks. Group has had very rapid growth in Latvia, and there it is particularly important to manage the risks. The developments in terms of volumes of engineering construction have been below expectations, as group has not been able to land new construction contracts in the expected volume.

2017 9M
REVENUE
215 MILLION EUROS
PROFIT BEFORE TAX
8.2 MILLION EUROS

In Q3, Merko Ehitus sold 47 apartments for a total of 286; the 9 month revenue figures are EUR 6.9 million and EUR 33.8 million, respectively (figures do not include VAT). In nine months, Merko has launched construction of approximately 500 apartments, having invested EUR 39 million into the development projects launched this year and projects already under way. According to the group's management, the sales of apartments have generally gone according to plan this year, although considering the favourable market situation, the sales tempo could be even faster on some projects. In addition, the pace of proceedings on building permits and planning documents are dissatisfied. In the framework of group long-term apartment development strategy, Merko Ehitus has acquired a total of EUR 8.6 million in new registered immovables. In Q3, bought out our co-investor in the immovable properties located on the Maarjamäe limestone cliff in the Lasnamäe district of Tallinn, which hold long-term potential for developing more than 1,000 apartments.

In Q3 of 2017, Merko Ehitus posted revenue of EUR 86.0 million, EBITDA of 5.0 million, profit before taxes of 3.9 million and net profit of EUR 3.4 million. The group's figures for the first nine months of 2017 were revenue of EUR 214.8 million, EBITDA of EUR 11.0 million, profit before taxes of EUR 8.2 million and net profit of EUR 6.6 million. In the first 9 months of 2017, the group has entered into new contracts with a total value of EUR 304 million, and EUR 87 million in Q3 alone, including the construction of the Alfa shopping centre expansion in Riga, renovation of Neringa Hotel in Vilnius, the Embassy of the People's Republic of China in Estonia, and the renovation and reconstruction of the office building of the Norwegian chancellor of justice in Oslo.

As of 30 September 2017, Merko Ehitus had a contract portfolio of EUR 396.4 million compared to EUR 256.4 million in the same period in the previous year. Among major projects in progress in Q3 in Estonia there were the construction of T1 Mall of Tallinn shopping centre, Maakri Kvartal, Õpiku Maja's building B, Noblessner residential quarter, Pärnu mnt 22 office building, the Tapa military base barracks, and infrastructure for the airport tram line and the Tallinn ring road's Juuliku junction. In Latvia, the biggest projects in progress were the Akropole and Alfa shopping centres, the Z Towers complex and the Ventspils music school and concert hall; in Lithuania, the Radisson Blu Hotel Lietuva expansion, the Philip Morris plant, the Narbuto 5 office building and the Rinktines Urban development project. In Norway, the biggest projects in progress in Q3 were the addition to the Blakstad hospital building and the Akersgata 8 office building.

OVERVIEW OF THE III QUARTER AND 9 MONTHS RESULTS

PROFITABILITY

Q3 2017 net profit was EUR 3.4 million (Q3 2016: EUR 2.9 million) and net profit margin 3.9% (Q3 2016: 4.3%). Net profit in 9M 2017 was EUR 6.6 million (9M 2016: EUR 4.7 million), having increased by 39.2% compared to the same period last year and net profit margin increased to 3.1% (9M 2016: 2.7%). Profit before tax in 9M 2017 was EUR 8.2 million (9M 2016: EUR 5.7 million), which is equivalent to a profit before tax margin of 3.8% (9M 2016: 3.3%).

REVENUE

Q3 2017 revenue was EUR 86.0 million (Q3 2016: EUR 67.8 million) and 9M 2017 revenue was EUR 214.8 million (9M 2016: EUR 173.4 million), has increased by 23.9% compared to last year. The share of revenue earned outside Estonia in 9M 2017 was 35.8% (9M 2016: 31%). The number of apartments (286 units) sold in 9 months of 2017 has increased by 6.7% compared to last year (9 months of 2016: 268 units) and the revenue from apartment sales (EUR 33.8 million) has increased by 13.8% (9 months of 2016: EUR 29.7 million).

CASH POSITION

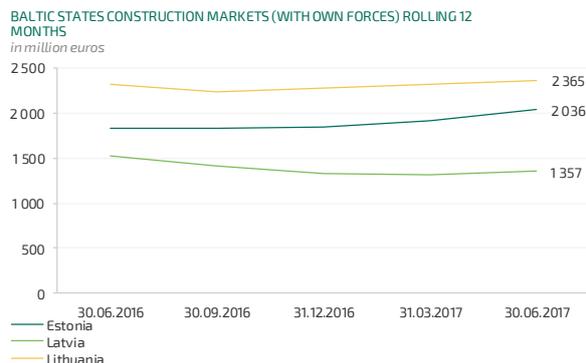

At the end of the reporting period, the group had EUR 18.6 million in cash and cash equivalents and equity EUR 122.1 million (46.4% of total assets). Comparable figures as at 30 September 2016 were accordingly EUR 20.8 million and EUR 121.4 million (56.5% of total assets). As at 30 September 2017 the group had net debt of EUR 29.1 million (30 September 2016: EUR 11.1 million).

SECURED ORDER BOOK

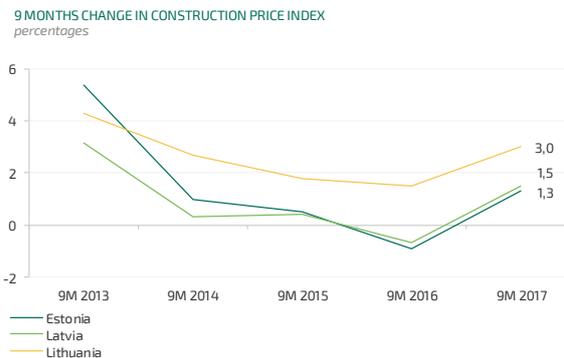

As at 30 September 2017, the group's secured order book had grown to EUR 396.4 million (30 September 2016: EUR 256.4 million). In 9M 2017, group companies signed new contracts in the amount of EUR 303.6 million (9M 2016: EUR 140.5 million). Q3 2017 new contracts signed in amount of EUR 87.0 million (Q3 2016: EUR 31.5 million).

THE CONSTRUCTION AND REAL ESTATE MARKET PERSPECTIVES

CONSTRUCTION SERVICES

Source: Local national statistical offices.

Source: Local national statistical offices.

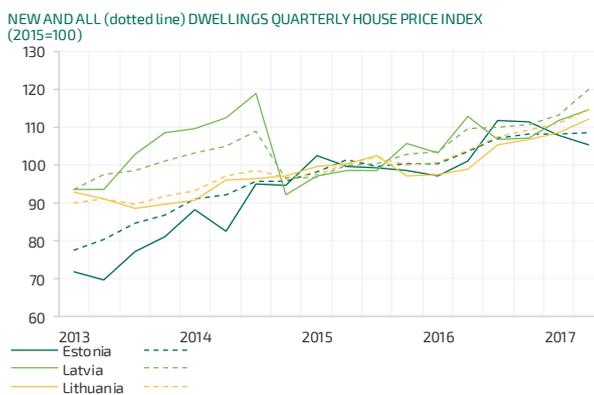

The Baltic states' construction sector was characterised in Q3 by continuing upward pressure on input prices; there is a problem with the availability of liquid resources, and of design development specialists and capable subcontractors is also problematic. At the same time, bidding competition among general contractors remains stiff, pressure on deadlines is great, and as a whole, the risk to return ratio has worsened for construction companies. It continues to be vital for the group to reach internal efficiency through better planning, optimal solutions and using new technological applications.

The situation in each of the group's home markets is somewhat different:

- In **Estonia**, residential construction is still active due to the favourable real estate market cycle. The new office building development pace is stabilizing compared to recent years. Individual larger construction sites in retail and industry are being planned. New road and infrastructure procurements, both for highways and within Tallinn, have been launched. Public sector procurements in the field of buildings continue at a moderate pace.
- In **Latvia**, a number of construction procurements for office buildings and public sector buildings are on the market, and the number of capable general contractors participating at tender has decreased somewhat. Many large-scale engineering works are still being planned, including in relation to establishing railway infrastructure.
- In **Lithuania**, market demand for new commercial buildings – in particular, office buildings – is stabilising. Many new industrial and logistics buildings in the private sector are in the planning stage and procurements for public sector buildings are in preparation, including for schools, hospitals and national defence sites. The general contractors price competition is very tight.
- The construction market in **Norway** is moderately active for both new building construction and renovation, though there can be regional variation in market activity level. Large-scale public sector investments into infrastructure are planned.

DEVELOPMENT OF APARTMENTS

The rate of growth seen in the Tallinn and Vilnius apartment markets in recent years is settling down. The increased supply of apartments has led to a certain amount of lengthening of sales periods in some projects and the rise in the price of new developments, above all in Estonia, is levelling off (see graph). In Riga, the apartment market activity is still relatively low compared to Tallinn and Vilnius, but there is the potential for increasing demand, in light of increased economic growth in Latvia. In all three Baltic states, the macroeconomic environment continues to be favourable for supporting apartment buyers' position – faster economic growth, growth of income and savings, low interest rates and relatively good availability of bank loans.

Source: Eurostat.

On the Norwegian housing market, something of a price correction and lengthening of sales periods has taken place since spring 2017 after the rapid price rise of recent years. The new trend is partially due to measures applied by financial regulators to limit loan growth, especially in the capital Oslo.

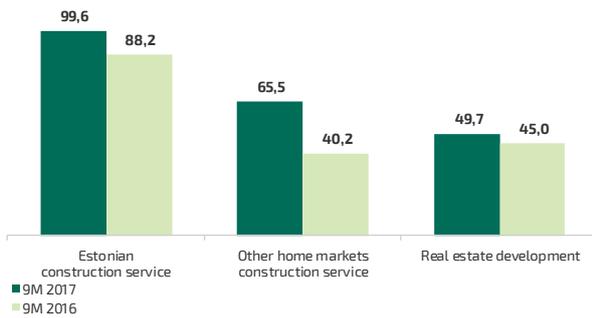

BUSINESS ACTIVITIES

The group business reporting is divided into three business segments:

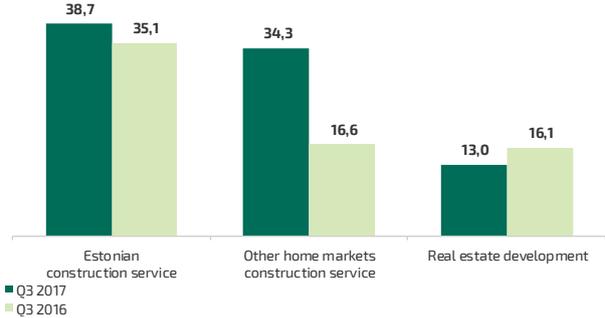

- Estonian construction service;
- other home markets construction service;
- real estate development.

| Operating profit margin | 4.4% | 4.6% | | 6.9% | 5.9% | | 2,8% |

In the 9 months of 2017, the revenue of the Estonian construction service segment was EUR 99.6 million (9 months of 2016: EUR 88.2 million), having increase by 12.9% from the same period last year. The 9 months revenue includes revenue from Finnish projects in the amount of EUR 0.02 million (9 months of 2016: EUR 0.5 million). The increase in revenue in the segment is primarily influenced by the fact that several large-scale general construction projects launched in 2016 have continued to progress. The Estonian construction service segment revenues for 9 months 2017 were 46.4% of the group's revenue, forming the largest proportion in the group's revenue.

In this segment, the group earned a operating profit of EUR 4.4 million for 9 months (9 months of 2016: EUR 4.0 million). In 9 months of 2017, the operating profit margin of the Estonian construction service segment was 4.4%, which decreased by 0.2 pp compared to the 9 months of 2016 (4.6%). The Estonian construction services market is characterised by stiff competition. The number of civil engineering projects remains small, with general construction witnessing ever-increasing competition. The group is continually enhancing the efficiency of its internal project management processes, having reduced and relocated group resources in order to maintain an efficient cost base.

Our major projects in the third quarter in Tallinn included the construction works of Maakri Kvartal business complex, T1 shopping centre, Öpiku office building B, Pärnu mnt 22 office building, construction of the airport tram line infrastructure, extension works of Wendre production building and construction works for clean up the residual pollution of the Maadevahe and Priimetsa asphalt concrete plants. Additionally the construction works of Juuliku road junction and road section at Tallinn roundabout and the road maintenance works done under the service agreement with Tallinn city had a significant impact.

On 13th June 2017, AS Vooremaa Teed, 100% subsidiary of Tallinna Teed AS part of Merko Ehitus group, and Eesti Keskkonnateenused AS have entered sales and purchase agreement to dispose AS Vooremaa Teed's road maintenance field of activity. The largest contract under disposal of the field of activity was with Estonian Road Administration signed in 2015. Under the contract AS Vooremaa Teed performed the road and maintenance works of main roads in Viljandi county in total annual value approximately 1.8 million euros and with the term till 31 December 2020. The transaction is approved by Estonian Competition Authority on 21th of June 2017 and completed during 3rd quarter 2017.

OTHER HOME MARKETS CONSTRUCTION SERVICE

The other home markets construction service segment consists of general construction work in Latvia, Lithuania and Norway and provision of civil engineering and electricity services in Latvia.

The revenue of the other home markets construction service segment amounted to EUR 65.5 million in the 9 months of 2017 (9 months of 2016: EUR 40.2 million), which is 63.1% more than in the 9 months of 2016. If the other home markets construction service segment revenues of 9 months of 2016 formed 23.2% of the group's revenue, then during 9 months of the current year the segments revenues increased to 30.5%.

Merko's position among Latvia general contractors is currently strong and we see opportunities for growing our business volumes. In Lithuania, we are continuing our strategic plan to focus on external customers who make up the predominant part of the group's Lithuanian secured order book. In Lithuania, we have also entered more widely the public procurement sphere in the field of general construction. In Norway, group has signed two major construction contracts this year, in the amount of EUR 4.3 million and EUR 6.4 million, as well as performing several smaller-scale agreements.

The 9 months operating profit of the other home market construction service segment amounted to EUR 0.0 million (9 months of 2016: operating loss EUR 0.8 million) and the operating profit margin was 0.0% (9 months of 2016: negative 2.0%). The revenue of

other home market construction service segment has increased by 106.1% in Q3 compared to the same period last year and the operating profit was EUR 0.7 million (Q3 2016: operating loss EUR 0.4 million).

In the third quarter of 2017, the main ongoing projects included in the other home markets construction service segment were in Riga the construction works of Multifunctional Centre Akropole, construction works of warehouse complex at Katlakalna street 6D and engineering and finishing works of Z-Towers complex. In Jurmala the construction works of Jasmīnu 10 residential complex and in Ventpils the construction works of music school and concert hall and design. In Vilnius the construction works of Narbuto 5 office building, construction works of Radisson Blu Hotel Lietuva extension and reconstruction and in Klaipeda the reconstruction and extension construction works of Philip Morris plant. In Oslo construction works of an extension of a building at Blakstad Hospital and renovation and re-building project for Akersgata 8 office building.

REAL ESTATE DEVELOPMENT

The real estate development segment includes residential real estate development and construction of joint venture projects, long-term real estate investments and commercial real estate projects in Estonia, Latvia and Lithuania. In the interests of the finest quality and maximum convenience and assurance for buyers, Merko handles all phases of development: acquisition of the real estate, planning, design of the development project, construction, sales and marketing and warranty-period customer service.

VAT) comparing 2016 9 months sold 268 apartments at total value of EUR 29.7 million. In 9 months of 2017 real estate development segment revenues have increased by 10.4% compared to the same period last year. In the 9 months of 2017 the share of revenue from the real estate development segment formed 23.1% of the group's total revenue (9 months of 2016: 25.9%). In Q3 of 2017 a total of 47 apartments were sold at the total value of EUR 6.9 million (excl. VAT), compared to Q3 of 2016 109 apartments were sold at the total value of EUR 12.3 million.

The 9 months operating profit of the segment amounted to EUR 5.8 million (9 months of 2016: EUR 4.3 million) and the operating profit margin was 11.6% (9 months of 2016: 9.4%), which increased by 2.2 pp compared to the same period previous year.

At the end of the period, group's inventory comprised 293 apartments where a preliminary agreement had been signed: 76 completed apartments (50 in Estonia, 25 in Latvia and 1 in Lithuania) and 217 apartments under construction (137 in Estonia, 17 in Latvia and 63 in Lithuania). The sale of these apartments had not yet been finalised and delivered to customers, because the development site is still under construction or the site was completed at the end of the reporting period and the sales transactions have not all been finalised yet.

As at 30 September 2017, the group had a total of 450 apartments for active sale (as at 30 September 2016: 388 apartments), for which there are no pre-sale agreements and of which 105 have been completed (35 in Estonia, 59 in Latvia and 11 in Lithuania) and 345 are under construction (209 in Estonia, 79 in Latvia and 57 in Lithuania).

*** A project developed by a joint venture. Group revenue generated through provision of construction services and development activities profit recognised based on the equity method.

In 9 months of 2017, the group launched the construction of a total of 496 new apartments in the Baltic states (9 months of 2016: 284 apartments). In the 9 months of this year, the group has invested a total of EUR 39.2 million (9 months of 2016: EUR 39.1 million) in new development projects launched in 2017 as well as projects already in progress.

One of group's objectives is to keep a moderate portfolio of land plots to ensure stable inventory of property development projects considering the market conditions. At 30 September 2017, the group's inventories included land plots with the development potential, where the construction works have not started, of EUR 70.4 million (30.09.2016: EUR 50.5 million).

In the 9 months of 2017, the group has purchased new land plot, at an acquisition cost of EUR 8.6 million, for real estate development purposes (9 months of 2016: no new land plot acquisitions). In Q1 of 2017, the group acquired an approximately 1.5-hectare development area in the heart of Riga, allowing to build nearly 350 apartments in the upcoming years.

In Q3 AS Merko Ehitus purchased immovable properties located on the Maarjamäe limestone cliff in the Lasnamäe district of Tallinn. Considering the registered immovables in this area that were already owned by the group, there is now potential to establish more than 1,000 apartments. The development has a long-term perspective and will take place in multiple phases.

Post balance sheet date the group has disposed non-strategic land plots in a sales value of EUR 3 million.

SECURED ORDER BOOK

As at 30 September 2017, the group's secured order book amounted to EUR 396.4 million as compared to EUR 256.4 million as at 30 September 2016, having increased by approximately 54,6% in the annual comparison. The secured order book excludes the group's own residential development projects and construction work related to developing real estate investments.

SECURED ORDER BOOK
in million euros

In 9 months of 2017, EUR 303.6 million worth of new contracts were signed (without own developments) as compared to EUR 140.5 million in same period last year. The value of new contracts signed (without own developments) in the third quarter of 2017 amounted to EUR 87.0 million (Q3 2016: EUR 31.5 million).

LARGEST CONSTRUCTION CONTRACTS SIGNED IN THE THIRD QUARTER OF 2017

| BRIEF DESCRIPTION OF CONTRACT | COUNTRY | COMPLETION TIME | COST MILLION EUR |
|---|-----------|-------------------|------------------|
| Construction contract for the constructing an extension to the Alfa Shopping Centre in Riga | Latvia | July of 2019 | 34.0 |
| Construction contract for the reconstruction and renovation to the Neringa hotel building in Vilnius | Lithuania | December of 2018 | 7.0 |
| Construction contract for the renovation and re-building to the office building in Oslo | Norway | March of 2018 | 6.4 |
| Construction contract for the design and constructing an extension to the production building in Pärnu | Estonia | August of 2018 | 6.0 |
| Construction contract for renovation to the Embassy of the People's Republic of China official embassy residence in Tallinn | Estonia | September of 2018 | 6.0 |

Of the contracts signed in the 9 months of 2017, private sector orders accounted for the majority proportion, which is also represented in the group's secured order book, where private sector orders from projects in progress constitute approximately 86% (30.09.2016: approximately 80%).

After the balance sheet date the group concluded two large construction contract:

- AS Merko Infra and Riigi Kinnisvara AS entered into a contract for the construction of Viimsi State Gymnasium. The contract value is EUR 5.1 million and the works are scheduled to be completed in autumn 2018.
- AS Merko Ehitus Eesti and OÜ Hansa Hotell entered into a contract for the construction of the first stage of an office building. The contract value is approximately EUR 4 million and the works are scheduled to be completed in August 2018.

Traditionally the share of Estonian construction activity has been the highest in the group's revenues. Given the growth outlook of the Estonian construction market, the group's goal is to increase the volume of construction orders from outside Estonia. Thus, we will continue to identify and strengthen the groups competitive advantages and are monitoring the development and opportunities both in the Baltic states and Nordic countries.

CASH FLOWS

As at 30 September 2017 the group had cash equivalents in the amount of EUR 18.6 million (30.09.2016: EUR 20.8 million). The group's financial position is continually strong, the group has not utilised all its credit lines of existing overdrafts and loan agreements within reporting period. As at end of the period, the group entities had concluded overdraft contracts with banks in the total amount of EUR 11.2 million, of which EUR 11.0 was unused (30.09.2016: EUR 11.2 million, all amount was unused). In addition to the overdraft facility, the company has a current loan facility with the limit of EUR 3.5 million (30.09.2016: EUR 3.5 million) from AS Riverito, which has not been withdrawn at the end of current and previous financial periods.

The 9 month cash flow from operating activity was negative at EUR 10.2 million (9 months of 2016: negative EUR 11.1 million), cash flow from investing activity was positive at EUR 0.8 million (9 months of 2016: EUR 0.0 million) and the cash flow from financing activity was negative at EUR 5.5 million (9 months of 2016: negative EUR 8.0 million). The cash flow from operating activities has had significant impact on investment to immovable properties in amount EUR 8.6 million.

To support cash flows arising from operating activity, the group has been cautious in raising additional external capital, including factoring. At the same time, the debt ratio has remained at a moderate level (17.7% as at 30.09.2017; 14.8% as at 30.09.2016; 19.3% as at 31.12.2016).

Cash flows from investing activities include negative cash flow from the acquisition of non-current asset in the amount of EUR 1.2 million (9 months of 2016: EUR 1.9 million) and the positive cash flow from the sale of non-current assets in the amount of EUR 1.9 million (9 months of 2016: EUR 0.6 million). The acquisitions and disposals of non-current assets was made in the road construction activity.

The largest single negative item in cash flows from financing was the dividend payment of EUR 7.3 million (9 months of 2016: EUR 9.0 million). In addition, bank loans totalling EUR 15.4 million, raised in order to acquire the registered immovables, had a major influence. At the end of 2016 EUR 12.5 million was engaged as a short-term loan from the parent company AS Riverito to purchase the Veerenni development area. The loan was refinanced at the beginning of 2017 with long-term loans from various credit institutions. The group has partly financed current year immovable properties acquisition by bank loan.

RISK MANAGEMENT

Risk management is part of strategic management and is inseparable from daily operations of the company. In managing risks, the main objective of the company is to determine significant risks and to optimally manage risks so that the company achieves its strategic and financial objectives.

Merko Ehitus divides risks into four main categories: business risk, market risk (incl interest risk and foreign exchange risk), financial risk (incl credit risk and liquidity risk) and operational risk (incl health and safety risk and environmental risk). The topic of risk management has been thoroughly covered on the group's website <http://group.merko.ee/en/investors/risk-management/>.

Legal risk

Due to different interpretations of contracts, regulations and laws related to group's principal activities, there is a risk that some buyers, contractors or supervisory authorities evaluate the company's activities from the perspective of laws or contracts from a different position and dispute the legitimacy of the company's activities.

As at 30 September 2017, a provision has been set up at the group in the amount of EUR 0.1 million (30.09.2016: EUR 0.1 million) for covering potential claims and legal costs.

An overview of the key legal disputes of group entities ended during 2017 and ongoing as of 30.09.2017 is presented below:

Estonia

Lawsuit against former employee

On 17 December 2014, AS Merko Infra filed a claim in Harju County Court against a former AS Merko Infra employee, Maksim Vihharev, seeking EUR 97 thousand in damages (EUR 84 thousand being the principal claim and EUR 13 thousand late interest) along with a petition to secure the action. The lawsuit relates to intentional damage caused by fictitious transactions concluded by Maksim Vihharev on behalf of AS Merko Infra while serving as electrical work project manager and purchase of items not necessary for contractual work. The potential positive outcome of this suit is not recognised in the group's financial reporting. On 3 October 2016, Harju County Court proclaimed a court decision satisfying AS Merko Infra's action in full with regard to a claim for principal (EUR 84 thousand) and late interest EUR 12 thousand; the defendant was also ordered to pay AS Merko Infra procedural expenses totalling EUR 37 thousand.

By decision of 22 February 2017, the Tallinn Circuit Court partially satisfied Maksim Vihharev's appeal and made changed the decision of Harju County Court. The Tallinn Circuit Court ordered Maksim Vihharev to pay AS Merko Infra damages of EUR 56 thousand and late interest as of 22 February 2017 of EUR 9 thousand. On 22 March 2017, AS Merko Infra filed an appeal in cassation against the Tallinn Circuit Court decision in the extent to which Vihharev's appeal was affirmed. Maksim Vihharev also filed an appeal in cassation in regard to the extent to which the Circuit Court upheld the decision made by Harju County Court in favour of AS Merko Infra. The Supreme Court accepted both cassations.

On 3 March 2015, Maksim Vihharev filed an action in Harju County Court against AS Merko Infra seeking compensation for alleged damage to his reputation. The plaintiff is seeking EUR 6,658 thousand in reparations plus damages in an undetermined amount due to alleged impairment of his health. The abovementioned legal formulation is legally opaque and unjustified, and as a result AS Merko Infra does not acknowledge Maksim Vihharev's claim, deems the mentioned demand to be without merit, and is petitioning the court to dismiss it. On 22 January 2016, Harju County Court refused to hear the action filed by Maksim Vihharev against AS Merko Infra (civil matter No 2-15-6047), in which Maksim Vihharev accused AS Merko Infra of defamation and of causing damage thereof. On 30 January 2017, Harju County Court dismissed the case filed by Maksim Vihharev against AS Merko Infra (civil matter No 2-15-6047), seeking compensation for health damage. The judgement has come into force.

Appeal for the revocation of the order of the Minister of the Environment

Several court cases are ongoing in connection with Minister of the Environment regulation no. 22 of 27 March 2015, which redrew the boundaries of species protection sites to exclude properties on Paekalda tänav owned by AS Merko Ehitus subsidiaries Suur-Paekalda OÜ and Väike-Paekalda OÜ.

On 13 February 2015, Suur-Paekalda OÜ and Väike-Paekalda OÜ filed a joint action to Tallinn Administrative Court obliging the Ministry of the Environment to decide on the acquisition of the immovable properties at Paekalda tn 5, 6, 6a and 11 within two months of the entry into force of the court decision, or, alternatively, in order to order the Land Board and the Ministry of the Environment to bring to a close without delay the proceedings on the acquisition of the immovable properties at Paekalda tn 5, 6, 6a and 11 (administrative matter no. 3-15-386). The plaintiffs also requested to establish the unlawfulness of the delay on the part of the Land Board and the Ministry of the Environment in processing the plaintiffs' joint request of 16 May 2006. Tallinn Administrative Court turned down the appeal; however, Tallinn Circuit Court in its decision of 6 April 2017 partially upheld the complaint in regard to compelling the institutions. The decision has been appealed to the Supreme Court, which refused on 11 of September 2017.

On 2 February 2016, AS Merko Ehitus subsidiaries Suur-Paekalda OÜ and Väike-Paekalda OÜ filed a complaint in Tallinn Administrative Court for compensation of damage. The plaintiffs are seeking a ruling ordering that the state pay damages of approximately EUR 3.2 million to Suur-Paekalda OÜ (amount to be determined) and approximately EUR 1.6 million to Väike-Paekalda OÜ (amount to be determined) as well as late interest at the rate specified in subsection 113 (1) of the Law of Obligations Act starting from 2 February 2016 until due compliance with the demand for compensation. The claims consist of direct patrimonial damage (reduction in the value of immovable property and expenditures made on development activity) and claims for revenue foregone (failed development activity in 2005-2007). The possible positive impact of the claim submitted has not been recognized by the group in its financial statements.

Latvia

Lawsuit against former employee

On 5 May 2015, SIA Merks filed suit in Riga District Court against former SIA Merks employee Rolands Mēnesis in a claim for the compensation of damage amounting to EUR 337 thousand. Previously, on 2 March 2015, SIA Merks had filed a petition to secure the action in the same amount, which was duly granted by the court. The object of the statement of claim is damage deliberately caused by project manager Rolands Mēnesis by entering into fictitious transactions on behalf of SIA Merks and purchase of items not necessary for contractual work. The possible effect of the potential positive outcome of this suit has not been taken into account in the group's financial reporting. On 6 April 2016 the case was transferred to Ogre District Court in order to expedite the reviewing of the case. The following court hearing which was scheduled to take place on 11 April 2017, but postponed due to the illness of the judge and scheduled on 23 of November 2017. Besides - the criminal proceeding against Rolands Mēness has been initiated as well, the investigation in this process finished and will be submitted to the prosecutor's office during November.

On 18 June 2015, SIA Merks filed an action against Rolands Mēnesis for termination of the employment contract due to entry into transactions and conduct of operations causing damage to SIA Merks as described above in accordance with the Latvian law, which provides for the corresponding procedure in cases where the trade union objects to the dismissal of an employee. The statement of claim has been accepted. On 12 January 2016, Rolands Mēnesis filed a counterclaim against SIA Merks, asking the court to declare unlawful the removal from work and order SIA Merks to pay damages in the amount of average remuneration, starting from the initial suspension of the employment contract (7 January 2015), as well as non-patrimonial damage in the amount of 12-month average remuneration. At a court hearing held on 23 August 2016, the court decided to satisfy the action brought by SIA Merks against Rolands Mēnesis to terminate the employment contract, reject the counter-action filed by Rolands Mēnesis against SIA Merks to have his removal from work declared unlawful and for compensating him for average remuneration, and to order Rolands Mēnesis to pay procedural expenses totalling EUR 1 thousand. Rolands Mēnesis has appealed the decision made. Furthermore, Rolands Mēnesis has submitted an application for extra-judicial adjudication in order to present his own proposal for a compromise solution. SIA Merks has not received yet any noteworthy proposals from Rolands Mēness. The case was reviewed by Riga Regional court as an appeal institution on 30th of August 2017. The court decided to satisfy the action brought by SIA Merks against Rolands Mēnesis. Rolands Mēness has filed a cassation on 3 October 2017. The cassation was accepted but case is not scheduled yet.

Starptautiskā lidosta "Rīga"

On 21 September 2017, SIA Merks has initiated court proceedings against VAS "Starptautiskā lidosta "Rīga"" (Riga International Airport). The basis of the court proceeding is dispute with Riga International Airport on the terms and conditions of signing the final completion certificate of the new passenger terminal of Riga International Airport. SIA Merks seeks court decision requiring Riga International Airport to sign the final completion certificate and thus entitling SIA Merks for payment of EUR 414 thousand for the works and EUR 920 thousand for the warranty period retention. SIA Merks is of an opinion that the works are fully and properly performed and should be duly accepted by Riga International Airport, releasing the final payment and exchanging the retention moneys for the warranty time guarantee. The date of the first court hearing is not yet announced. No additional provisions are recognised in relation to the potential outcome of this suit.

Lithuania

Vilniaus vandenys

On 18 May 2016, AS Merko Ehitus and UAB Merko Statyba, acting pursuant to the joint venture agreement, filed an action against UAB Vilniaus vandenys (hereinafter "Vilniaus vandenys") in the total amount of EUR 183 thousand, encompassing the acceptance of additional works and the compensation of direct expenses incurred, interest on unpaid sums and the extension of the contract term of the sewerage and wastewater pipeline project carried out in Avižieniai region (project "Extension of water supply and waste water networks in Avižieniai Subdistrict"). The plaintiffs maintain that due to the actions of Vilniaus vandenys, both the construction period became longer and also additional works were carried out – works that the customer later refused to pay for. The potential positive outcome of this claim is not recognised in the group's financial reporting. In the hearing on 2 February 2017 the plaintiffs asked the court to appoint a court expertise. The following court hearing is scheduled for 22 November 2017.

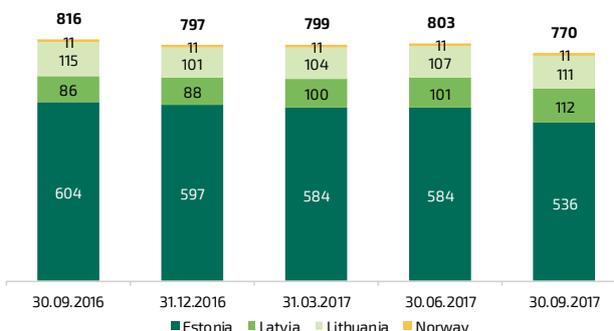

EMPLOYEES AND LABOUR COSTS

As of 30 September 2017, Merko Ehitus Group employed 770 people (including temporary and part-time staff). Compared to the same period last year, the number of group's employees decreased by 46 (-5.6%). The number of employees has increased mainly due to increase of construction volumes in Latvia and decreased due to partial disposals of road maintenance activity in Estonia.

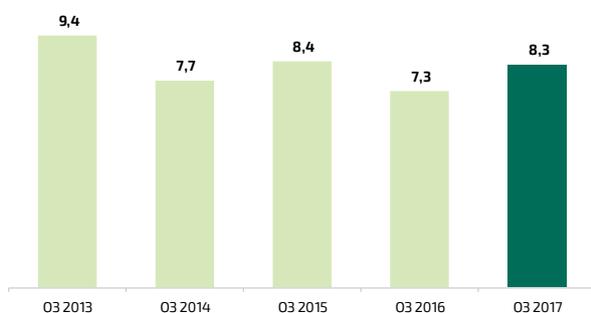

Professionals in the corresponding specialities who possess longstanding experience – this is the company's key value. The group's objective is to pay its employees competitive salary. The interests of employees and the company are balanced by performance-based remuneration.

The group defines labour cost as salary (incl. fixed salary, additional pay, holiday pay and bonus), taxes based on salary, fringe benefits and taxes based on fringe benefits. In 9 months 2017, the labour cost was EUR 23.4 million (9 months 2016: EUR 22.0 million), which has increased by 5.9% compared to the same period previous year, while the labour cost ratio decreased by 1.8 pp from 12.7% to 10.9%.

PERFORMANCE OF THE SHARE OF MERKO EHITUS AND COMPARISON INDEX OMX TALLINN IN 2017

DIVIDENDS AND DIVIDEND POLICY

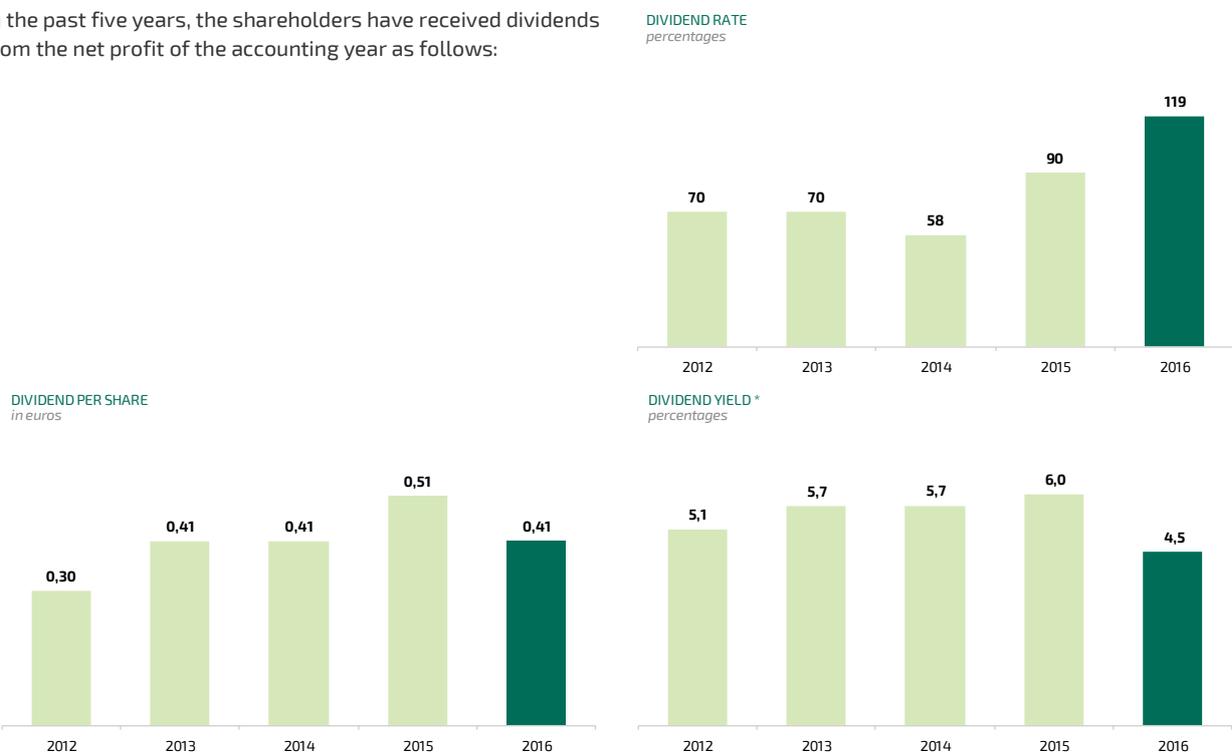

The distribution of dividends to the shareholders of the company is recorded as a liability in the financial statements as of the moment when the payment of dividends is approved by the company's shareholders.

According to the current dividends policy the objective is paying the shareholders 50-70% of the annual profit.

The annual general meeting of shareholders of AS Merko Ehitus held at 28 April 2017 approved the Supervisory Board's proposal to pay the shareholders the total amount of EUR 7.3 million (EUR 0.41 per share) as dividends from net profit brought forward, which is equivalent to a 119% dividend rate and a 4.5% dividend yield for the year 2016 (using the share price as at 31 December 2016). Comparable figures in 2015 were accordingly: EUR 9.0 million (EUR 0.51 per share) as dividends, which is equivalent to a 90% dividend rate and a 6.0% dividend yield (using the share price as at 31 December 2015).

According to the Estonian Income Tax Law §50 section 1¹ AS Merko Ehitus can pay certain portion of dividends without any additional income tax expense and liabilities occurring due to previously received and taxed distribution of profits from subsidiaries. Taking into account the dividends already paid to the parent company by the subsidiaries during 2017, the group incurred additional income tax expense in connection with the disbursement of dividends of EUR 0.9 million (Q2 2016: EUR 0.6 million) in Estonia in the second quarter of 2017. The dividend payment to the shareholders took a place on 26 May 2017.

In the past five years, the shareholders have received dividends from the net profit of the accounting year as follows:

* Using share price as at 31.12

Dividend payments are carried out in the next fiscal year in accordance with the decisions of the general meeting of the shareholders, regarding the previous fiscal year.

CORPORATE GOVERNANCE

CORPORATE GOVERNANCE AND STRUCTURE

AS Merko Ehitus operates as a holding company whose companies in Estonia, Latvia, Lithuania and Norway offer complete solutions in the field of construction and real estate development. The group's largest companies are AS Merko Ehitus Eesti (100%), SIA Merks (100%), UAB Merko Statyba (100%) and the companies belonging to the AS Merko Ehitus Eesti group: Tallinna Teede AS (100%) and AS Merko Infra (100%).

The main area of activity of the holding company will be developing and implementing strategies for the Merko Ehitus group's various business domains by way of planning resources, deciding on major investments, targeting and overseeing the activity of subsidiaries and coordinating partner relations. The holding company AS Merko Ehitus has a two-member Management Board: Andres Trink and Tõnu Toomik.

The profiles of the members of the Management Board and Supervisory Board have been presented in pages 24-25 and Note 16 of the consolidated financial statements, and published, together with the track record and photographs, on the company's website at group.merko.ee.

It is important to maintain a simple organisational structure in the group and in management to be guided primarily by the group's objectives and requirements. For the purposes of maximum efficiency in the group management, we in some cases differentiate the management structure and legal structure. Management of the group's operating activity takes place in a country-specific manner and is coordinated at the level of the holding company. As of 30 September 2017, the management structure is as follows:

GROUP'S LEGAL STRUCTURE

As at 30 September 2017, the group comprises 45 companies (30.09.2016: 46; 31.12.2016: 46). The group's legal structure is predominantly based on regulatory requirements and there is not in all cases a direct linear relationship with the group's effective management structure. The detailed list of group companies is provided in Notes 16 of the financial statements.

Changes in the legal structure of the group

On 8 November 2016, AS Merko Ehitus launched a process for restructuring its 100% subsidiary in Lithuania, UAB Merko Bustas. In accordance with the restructuring plan, UAB Merko Bustas's 100% subsidiary UAB VPSP1 will be merged with parent company UAB Merko Bustas. The restructuring is completed and the final merger entry in the Commercial Register made on 4 July 2017.

On 28 December 2016, AS Merko Ehitus's 100% subsidiary AS Merko Ehitus Eesti initiated a process to merge its fully owned subsidiaries AS Merko Tartu, AS Gustaf, OÜ Rannamõisa Kinnisvara and OÜ Heamaja, all engaged in real estate development, in order to have savings in administrative cost related to company management. The acquiring company is AS Merko Tartu. The companies being acquired will be merged into AS Merko Tartu and as a result of the merger the companies being acquired will wind up without liquidation proceedings and AS Merko Tartu will become the legal successor of the companies being acquired. As a result of the merger, AS Merko Ehitus Eesti will remain the sole shareholder in AS Merko Tartu, the acquiring company. The closing date of the merger was 1 January 2017 after which all transactions of the acquirees have been deemed to have been made on account of the acquirer. The final merger entry in the Commercial Register made on 5 September 2017.

On March 17 2017, AS Merko Ehitus and AS Ehitusfirma Rand ja Tuulberg initiated a process to dissolve joint venture Poolkoksimäe Sulgemise OÜ, in which each joint owner has a 50% share. The liquidation of the company will be completed and the deletion entry to the Commercial Register is expected to be made at the end of 2017.

On 16 June 2017, AS Merko Ehitus launched a process for restructuring its 100% subsidiary in Latvia, SIA Merks. In accordance with the restructuring plan, SIA Merks's 100% subsidiary SIA Elniko will be merged with the parent company. The restructuring will be completed and the final merger entry in the Commercial Register will be done during the year of 2017.

On 25 July 2017, Tallinna Teede AS, part of Merko Ehitus group, and its 100% subsidiary, AS Vooremaa Teed have signed a merger agreement with the intention to improve the internal efficiency. According to the merge agreement, the acquiring company is Tallinna Teede AS. Because of the merge AS Vooremaa Teed will wind up without liquidation proceedings. The merge date is 1st of August 2017 after which all AS Vooremaa Teed transactions will be deemed to be made on the account of Tallinna Teede AS. The final merger entry in the Commercial Register made on 29 September 2017.

After the balance sheet date, on 31st July 2017, AS Merko Ehitus entered into an agreement with Nordecon AS to acquire 50% shareholding and loan receivable in joint venture Unigate OÜ and 100% stakes in entities OÜ Paekalda 2, OÜ Paekalda 3, OÜ Paekalda 7 and OÜ Paekalda 9. The acquisition cost was approximately 4.5 million euros and the completion of transaction took place on 4th August 2017 after the payment of purchase price. The acquisition of the subsidiaries is recognized at the group level as acquisition of inventories and starting from the moment of acquisition is recorded under inventory entries Work-in-progress and Registered

immovables purchased for resale. The purpose of the acquisition is to resolve the ownership of Paekalda development in Tallinn and to secure a long-term strategy for the development of apartments in Merko Ehitus group in Estonia.

After the balance sheet date, a demerge of OÜ Metsailu was approved by decision of sole shareholder to simplify the development project management. According to the demerge plan, the OÜ Metsailu registered immovables located on Kiviaia tee in Tallinn, will be distributed to OÜ Kiviaia Kinnisvara. The demerge is planned to be completed by the end of 2017.

GENERAL MEETING OF SHAREHOLDERS

The Company's highest governing body is the General Meeting of Shareholders, the authorities of which are regulated by legislation and the articles of association of the Company.

The general meeting of the shareholders was held on 28 April 2017. The general meeting resolved to approve the annual report and the profit allocation proposal for 2016. The dividends in the sum of EUR 7.3 million (EUR 0.41 per share) paid out to the shareholders on 26 May 2017.

In addition, it was decided at the general meeting of the shareholders that the Supervisory Board will have 3 members who will be elected for the term of next 3 years and also to extend the terms of office of members of the Supervisory Board Toomas Annus, Teet Roopalu and Indrek Neivelt until April 28th 2020, i.e. for a period of three years from the decision for the extension. The remuneration of members of the Supervisory Board did not change and will continue based on terms and conditions approved at general meeting of shareholders of AS Merko Ehitus, held on October 31st 2008.

The Management Board made a presentation on the company's financial results and future prospects.

In accordance with the Commercial Code, its Articles of Association and Good Governance Code, AS Merko Ehitus calls the annual and extraordinary general meeting of shareholders by notifying the shareholders through the Tallinn Stock Exchange and by publishing a meeting call in one national daily newspaper at least 3 weeks in advance. The general meeting shall be held at the place shown in the notice, on a working day and between 9 a.m. and 6 p.m., enabling most of the shareholders to participate in the General Meeting of Shareholders.

Before their publication, agendas at annual and extraordinary general meetings of the company's shareholders are approved by the Supervisory Board that shall also present to the general meeting subjects for discussion and voting. Agenda items of the general meeting, recommendations of the Supervisory Board with relevant explanations, procedural guidance for participation in the general meeting and how and when new agenda items can be proposed are published together with the notice on calling the general meeting.

General meetings can be attended by any shareholder or his or her authorised representative. AS Merko Ehitus does not allow participation in general meetings by electronic means of communication equipment since the deployment of reliable solutions for the identification of shareholders some of whom live abroad, while ensuring the privacy of participating shareholders, would be too complicated and costly. No picture taking or filming is allowed at the general meeting, because it may disturb the privacy of shareholders.

Annual and extraordinary general meeting of shareholders shall be chaired by an independent person. In 2017, the general meeting was chaired by attorney-at-law Vesse Võhma who introduced the procedure for conducting the general meeting and the procedure of asking questions from the Management Board and Supervisory Board about the company's activities.

On behalf of the company, usually the Chairman of the Management Board shall participate in the General Meeting of AS Merko Ehitus, and if necessary, other members of the Management and Supervisory Boards shall be involved. The company's auditor also participates.

The annual general meeting of shareholders of AS Merko Ehitus held in 2017 was attended by Andres Trink (Chairman of the Management Board), Tõnu Toomik (Member of the Management Board), Signe Kukin (Group Chief Financial Officer) and Ago Vilu (Auditor).

SUPERVISORY BOARD

The Supervisory Board shall plan the activities of the company, organise the management of the company and supervise the activities of the Management Board. The Supervisory Board shall notify the general meeting of shareholders of the results of a review. The Chairman of the Supervisory Board organises the work of the Supervisory Board. The main duties of the Supervisory Board are to approve the group's material strategic and tactical decisions and to supervise the activities of the group's Management Board. The Supervisory Board's actions are guided by the company's articles of association, guidelines of the general meeting and law.

According to the Articles of Association of Merko Ehitus, the Supervisory Board has 3 to 5 members who shall be elected for the term of three years.

At the annual general meeting of shareholders held at 28 April 2017, it was decided to extend the term of office of Supervisory Board members Toomas Annus, Teet Roopalu and Indrek Neivelt until 28 April 2020, i.e. for three years from the decision of the extension. Mr. Olari Taal's mandate as a Member of the Supervisory Board was not renewed, at his own discretion, and expired on 30 April 2017.

According to decision of the Supervisory Board of AS Merko Ehitus of 6 June 2017, Mr. Toomas Annus will continue as the Chairman of the Supervisory Board.

As at 30 June 2017, the Supervisory Board of AS Merko Ehitus had three members of whom, in accordance with the requirements of the Good Governance Code, is Indrek Neivelt an independent member.

MANAGEMENT BOARD

The Management Board is a governing body which represents and manages AS Merko Ehitus in its daily activities in accordance with the law and the Articles of Association. The Management Board has to act in the most economically purposeful manner, taking into consideration the best interests of all shareholders and ensures the company's sustainable development in accordance with set objectives and strategy. To ensure that the company's interests are met in the best way possible, the Management and Supervisory Boards shall extensively collaborate. At least once a quarter, a joint meeting of the members of the Supervisory and Management Boards shall take place, in which the Management Board shall inform the Supervisory Board of significant issues regarding the company's business operations, the fulfilment of the company's short and long-term goals and the risks impacting them. For every meeting of the Supervisory Board, the Management Board shall prepare a management report and submit it well in advance of the meeting so that the Supervisory Board can study it. The Management Board prepares reports for the Supervisory Board also in between the meetings, if it is considered necessary by the Supervisory Board or its Chairman.

Pursuant to the Articles of Association approved at the general meeting of shareholders in 2012, the Management Board may have up to three members.

The Management Board AS of AS Merko Ehitus has two members: Andres Trink (Chairman of the Management Board) and Tõnu Toomik (Member of the Management Board).

The responsibilities of Andres Trink, Chairman of the Management Board, include, among others, fulfilling daily obligations of the CEO of AS Merko Ehitus, managing and representing the company, ensuring compliance with the Articles of Association, legal acts, organising the work of the Management Board and supervisory boards of the more important subsidiaries, coordinating the development of strategies and providing for their implementation, being responsible for business development and finance. Tõnu Toomik is responsible for the management of the portfolio of properties and coordination of construction segment development activities across the whole group.

NOTES

NOTE 1 ACCOUNTING POLICIES USED

The consolidated interim financial statements of the AS Merko Ehitus group for 9 months and III quarter 2017 were prepared in accordance with the requirements of IAS 34 "Interim Financial Reporting" for condensed interim financial statements. The interim financial statements follow the same accounting principles and methods used in the 2016 financial statements. The accounting methods used to prepare the interim financial statements are in conformity with the International Financial Reporting Standards as they were adopted by the European Union. 2016 audited annual report and 2016 9 months unaudited interim report comparative figures are presented in the present financial report.

According to the best knowledge of the Management Board, the consolidated interim financial statements for the 9 months and III quarter 2017 present a true and fair view of the group's economic results based on the principle of going concern. While the influence of seasonality of construction and the influence of the cyclical nature of development activity on the period's results can be considered insignificant.

NOTE 1.1 CHANGES IN THE PRESENTATION OF INFORMATION

AS Merko Ehitus presented gross profit as per segment reporting of Estonian construction, other home markets construction and real estate development in previous reporting periods. Based on the resolution of the AS Merko Ehitus management board to monitor the revenue and the operating profit (-loss) as the main financial indicators in the segment reporting, the operating profit (-loss) is presented according to segments in this interim report.

The comparative data for previous periods has been adjusted accordingly to new presentation in 2017 9 months consolidated interim report.

NOTE 2 OPERATING SEGMENTS

in thousand euros

The chief operating decision-maker, i.e. the Management Board of parent AS Merko Ehitus, monitors the business of the group by countries and operating segments

Based on internal management information, the group's Management Board monitors activities by the following segments:

- Estonian construction service,
- other home markets construction service,
- real estate development.

The business result is assessed based on external revenue, operating profit and profit before tax of the business segment. The operating profit and profit before tax of the segment is composed of the income and expenditure directly related to the segment. Other income and expenses not directly related to the segments are attributable to the activities of holding companies and are monitored at group level.

Additional information on the segments is provided in the Business activities chapter of the Management report.

In the segment reporting, all intra-segment income and expenses have been eliminated from the pre-tax profit of the segments and all unrealised internal profits have been eliminated from the segment assets.

NOTE 4 EARNINGS AND DIVIDENDS PER SHARE

Basic earnings per share for profit attributable to equity holders of the parent have been derived by dividing the net profit attributable to shareholders by the weighted average number of shares.

| | 2017 9 months | 2016 9 months | 2017 III quarter | 2016 III quarter | 2016 12 months |
|--|------------------|------------------|---------------------|---------------------|-------------------|
| Net profit(-loss) attributable to shareholders (in thousand EUR) | 6,561 | 4,714 | 3,350 | 2,891 | 6,122 |
| Weighted average number of ordinary shares (thousand pcs) | 17,700 | 17,700 | 17,700 | 17,700 | 17,700 |
| Earnings (loss) per share (in euros) | 0.37 | 0.27 | 0.19 | 0.16 | 0.35 |

The group did not have any potential ordinary shares to be issued; therefore the diluted earnings per share equal the basic earnings per share.

Dividends payable are recognised after the approval of profit allocation at the general meeting of shareholders. In accordance with the profit allocation decision, dividends were paid by parent company AS Merko Ehitus in Q2 2017 in the amount of EUR 7,257 thousand, i.e. EUR 0.41 per share (Q2 2016: 9,027 thousand, i.e. EUR 0.51 per share), and the accompanying income tax liability would amount to 20/80 on the amount to be paid out, i.e. EUR 1,814 thousand, which will be partially covered by the income tax withheld on taxed dividends received from subsidiaries in the previous periods. In the second quarter of 2017 the group incurred additional income tax expenses of EUR 880 thousand in Estonia in connection with disbursement of dividends (Q2 2016: EUR 566 thousand).

As at 30.09.2017, the parent company AS Merko Ehitus has EUR 67 thousand (30.09.2016: EUR 0 thousand; 31.12.2016: EUR 0 thousand) in dividends received from subsidiaries in previous periods and income from abroad, on which the income tax has been withheld.

As at 30.09.2017, it is possible to pay out dividends to shareholders from retained earnings in the amount of EUR 90,693 thousand (30.09.2016: EUR 90,136 thousand; 31.12.2016: EUR 91,255 thousand). Considering the taxed dividends received and income tax withheld on foreign income totalling EUR 17 thousand (30.09.2016: EUR 0 thousand; 31.12.2016: EUR 0 thousand), the corresponding income tax on dividends would amount to EUR 22,656 thousand (30.09.2016: EUR 22,533 thousand; 31.12.2016: EUR 22,813 thousand). For calculating the additional income tax on dividends, the income tax rate in force in 2017 was used, which is 20/80 of the amount paid as net dividends. The income tax related to disbursement of dividends is recognised as a liability and income tax expense upon the announcement of dividends.

NOTE 17 CONTINGENT LIABILITIES

in thousand euros

The group has purchased the following guarantees from financial institutions to guarantee the group's obligations to third parties. These amounts represent the maximum right of claim by third persons against the group in case the group is unable to meet its contractual obligations. Management estimates that additional expenses related to these guarantees are unlikely.

The "Payment guarantee" entry includes a payment guarantee for the benefit of a financial institution, issued within the framework of a contract for construction entered into in 2015, in order to secure the customer's contractual payment obligations in the total amount of up to EUR 30,500 thousand. The realisation of the payment guarantee is not considered likely by the group. To secure the customer's contractual obligations, a first-ranking mortgage of EUR 36,600 thousand with the financing institution as the beneficiary has been established on the registered immovable property of the building to be constructed in the framework of the construction agreement. To secure the group's payment guarantee, a second-ranking mortgage of EUR 8,500 thousand with the group as the beneficiary has been established.
