#### Types of activities

During the 12 months of 2010 the main types of JSC "VEF Radiotehnika RRR" activities were:

- 1. Development of acoustic systems and casings, organisation of production, production and sales;
- 2. Production and sales of electronic blocks and Elektronisko bloku un components;
- 3. Production and sales of pressed circuit boards, galvanization services;
- Provision of real estate rental services

All of the above-mentioned activities had been performed also in year 2010. New types of activies have not been performed.

#### Operation of the company in the reporting year

When analysing performance indicators of JSC "VEF Radiotehnika RRR" for the year 2010 it can be concluded that the year has been successful and stabile, with certain economical development. During the reporting year, the number of prospective customers (buyers) has grown both in the Baltic region as well as across European Union states, which is due to the audio equipment upgrade and development project implemented by the Company.

The Company has finished the financial year with the following results:

Result for the year before extraordinary items and taxes:	131644 LVL
Deferred corporate income tax:	-14988 LVL
Other taxes:	-99821 LVL
Net result:	16835 LVL

Net turnover for the year 2010 is 22887695Ls and has grown by 10,3 % in comparison with 2009. There were no other significant events which could directly influence performance for the reporting year.

Current liabilities of the Company do not exceed current assets.

Total liabilities did not exceed total assets of the Company.

Company's profitability:	
Gross profit margin (%)	1.38
Operating profit margin (%)	17.15
Gross profit margin (%)	6.75

### Financial profitability (%)

Return on capital	1.78
Return on equity	0.77

A number of major works and activities on improvement of working environment, production technology and competitiveness have been performend in 2010:

- 1) refurbishment works commenced in production block I-2;
- 2)Continued acquiring of the new technological equipment obtained by support of Grant financing.
- 3) computer equipment upgrade has continued in order to replace old computers as well as to create new computerised working areas.

# Company's development activities

Further development of the Company lies in research of both local and export markets, offering new products to customers with aims to retain existing customers and to attract new ones.

In 2010, the Company is planning to retain the current rate of sales growth, which shall be done by using the features of the new equipment to its full potential.

# Conditions and events after Balance Sheet completion

From the end of the reporting year to this date there have been no events which could directly influence the value of this report.

# Proposals for distribution of profits

During the reporting year, JSC "VEF Radiotehnika RRR" has ensured incomes which allowed to perform significant development activities, timely payment of all taxes as well as receipt of significant profits. The profit of the Company shall be used to cover losses from previous years.

Chairman of the Board Eduards Malejevs

Member of the Board Gunars Lacis

APRIL 28, 2011

Annual report accepted at the Shareholders' Meeting on April 29, 2011

Member of the Board Gunars Lacis

#### Notes to the Financial Statements

# 1. Accounting Policies

# Data in the Financial Statements is in the national currency of Latvian Republic - Lats (LVL), shortened - I

#### **General Principles**

The Annual Report is prepared in accordance with the Republic of Latvia "Law On Accounting" and "Law on Annual Reports" and in accordance with Latvian accounting standards. In preparation of this Annual Report the following Latvian accounting standards were applied: (LAS): 1. LAS "Financial Report base preparation approach", 2. LAS "Cash Flow Statement", 3. LAS "Events after Balance Sheet date", 4. LAS "Change of accounting policy, change of accounting calculations and errors of previous periods", 5. LAS "Long-term Agreements". 6. LAS "Incomes" 7. LAS "Fixed Assts" 8. LAS "Savings" Profit and Loss Statement is prepared using turnover (period) costs method.

Cash Flow Statement is prepared using indirect method.

Financial Statements provides true and fair view of the Company's assets, liabilities, financial standing and profits or losses. Accounting policies ensure that the Financial Statements provide information, which is:

- 1. Acceptable to Financial Statements' users for making decisions;
- 2. Is valid in the way that it:
- \* correctly reflects Company's results and financial standing not only the legal form but also the economic nature, is neutral, i.e. non-biased nor deliberate:
- \* fully represents all real aspects.

#### Changes to the accounting policies

Compared to the previous year, the accounting policy has not changed.

Should the application of the new external legislation and the Latvian Accounting Standard requirements' or voluntary accounting policy affect the reporting period or any previous periods, the LAS Nr.4 shall be applied.

Changes to the accounting policy are to be applied with reversed date effect, thus the Company shall change every balance entry of affected share capital item for all previous periods shown in the Financial Statements, as well as in other comparative tables for all shown periods in a way, as if the new accounting policy had always been used, except when it is not practically possible to evaluate the influence of the change in the accounting policy for the previous period or its overall influence.

#### **Error correction**

Literal errors for the previous periods are to be corrected by the Company with reversed date effect in the first financial statement after the error has been discovered:

- 1) by correcting comparable indicators for the periods in which the error has occurred; or
- 2) should the error get discovered prior the latter financial reporting period, by amending the asset, liability and share capital starting figures for the latter reporting period's.

# Adapted accounting principles

Items of the Annual Report are valued in accordance with the following accounting principles:

- a) it is assumed that the Company continues operations;
- b) the same valuation methods as for the previous reporting year shall be used;
- c) item valuation is performed with due attention, taking into account the following provisions:
  - only profit received prior to the Balance Sheet date is used;
  - all foreseen risk amounts and losses which have arisen in the reporting year or in the previous years, are included, even when they became known between the Balance Sheet date and the Annual Report preparation date;
  - all value depreciations and reductions are considered and calculated regardless of whether the reporting year had profits or losses;
- d) all incomes and expenses related to the reporting year are in included in the Profit and Loss Statement regardless of payment date, invoice receipt or issuance dates. Expenses are compared with incomes in the corresponding reporting period;
- e) assets and liabilities items are valued separately;
- f) reporting year's beginning balance is matching the previous year's ending balance;
- g) all items which may influence Annual Report's users decision making or valuation, are included;
- h) operating activities for the reporting period are reflected taking into account their economic meaning and contents, not legal form.

#### **Reporting period:** from 01.01.2010. to 31.12.2010.

#### Transactions in foreign currency

Data in the Financial Statements is in the national currency of Latvian Republic - Lats (LVL).

All monetary assets and liabilities are translated at the Bank of Latvia rate of exchange on last day of the reporting year.

Differences in exchange rates, arising from foreign currency transactions or when representing asset and liability items, between the exchange rate originally recorded, are to be reflected by their starting net value in the Profit and Loss Statement. Profit or loss, resulted due to the fluctuation of the foreign currency rate, is reflected in the Profit and Loss Statement for the corresponding period.

Currency rates at the last reporting date for the past two years have been the following:

	31.12.2010	31.12.2009	31.12.2008
USD	0.535	0.489	0.495
EUR	0.702804	0.702804	0.702804

#### Long-term and short-term items

The following amount are shown in the current assets:

- \* that shall be used or realised during the usual working cycle of the Company;
- \* that are mainly for trading purposes or are of short-term nature and can be realised within 12 months after the Balance Sheet date;
- \* that are cash or cash equivalents, possessing unlimited usage options.

Other assets are classified as long-term.

The following current liabilities are shown:

- \* that will be paid off during the usual working cycle of the Company;
- \* that will be paid off within 12 months after the Balance Sheet date;

Other liabilities are classified as long-term.

Company's non-current liabilities (long-term liabilities) are also those which pay-off term is less that one year but:

\* original liability term was longer than one year;

#### Intangible assets and fixed assets depreciation

Intangible asset is an asset that:

is believed to bring operating benefits to the Company, related to this asset; which costs can be evaluated. Only acquired for reward/compensation "concessions, patents, licenses, trade marks and similar rights" can be shown.

In the Balance Sheet all intangible assets are shown at the historical cost less depreciation. Depreciation is calculated by straight-line method, using the following depreciation rates:

Intangible assets		_
Software	20-35	%
Licenses	20	%
Trade Marks	20	%
Non-material value	20	%

Intangible asset with specified useful life is systematically depreciated during the rounded up useful life period. Intangible asset with unlimited useful life is checked for value decrease every year.

Computer software and licenses, commercial licenses, trade marks, patents, certificates and advance payments for the non-material investments are considered as intangible assets. Intangible assets are shown using their net value, computer software used together with licenses and ownership rights.

#### Fixed Assets:

Fixed assets are physical objects with useful life over 12 calendar months and acquisition value of 50,- LVL and more. Work tools, production accessories and obligatory work clothes, shoes and other items are not classified as fixed assets, regardless of their acquisition value or useful life.

All fixed assets are valued by their acquisition value.

Fixed assets are shown using their acquisition or revaluations value, less depreciation. Depreciation is calculated using the straight-line method, reducing the net book value of the asset at the eng of useful life using the following rates:

* Buildings and constructions	2-5	<b>-</b> %
* Technological equipment	10-20	%
* Transport vehicles	10-20	%
* Furniture	10-20	%
* Other fixed assets	10-20	%
* Mobile phones	35	%
* Computers and other data storage units	15-35	%
* Depreciation on land plots is not calculated.		_

Unfinished construction object's historic cost is increased by the interest paid on the loan taken for construction of the fixed asset and on other costs arising in relation to the given object until it is completed and accepted for usage.

Unfinished construction object's historic cost is, however, not increased by the interest paid on the loan taken for construction of

Unfinished construction object's historic cost is, however, not increased by the interest paid on the loan taken for construction of the fixed asset should the construction work during the periods when the construction is not taking place.

#### Rent

In cases when fixed assets are rented, repair and improvement costs are reflected in the account "Long-term investments in rented fixed assets" and are gradually written off during the rental period.

#### **Hire-purchase (Financial leasing)**

In cases when fixed asset are taken on financial leas basis along with risks and returns, these fixed assets are recorded in immediate purchase cost basis. Leasing interest payment and related costs are included in the Profit and Loss Statement for the corresponding period, when they occurred.

#### **Long-term financial investments**

Long-term financial investments are purchase of a company (or shares of it), long-term loans, long-term investments. Long-term investments are investments with pay-off date of over one year and are outside the reporting year.

#### Investments in subsidiaries and related Company shareholding

Investments in subsidiaries and in capital of the related companies are treated as costs. Company recognises incomes only when they are received from the related company as distribution of its profits. Should the investment exceed the profit received, then it is reflected as investment expenditure reduction. Should there be sufficient ground to believe that the capital value of the company has decreased, then losses from the decrease are calculated as the difference between the original investment and the ending value of the investment. The ending value is calculated as the larger of the following indicators: investment's true value, form which the sales costs are deducted and company's usage value. Losses resulting from investment value's decrease can be reversed, if after the last time the losses from value decrease were recognised they have changed which was used for determining the decreased value.

# **Inventory valuation**

Paragraph 40 of the Provisions of the Latvian Republic Cabinet of Ministers Nr.312 "Regulations on organisation of wholesale and retail" dated 31.08.1999 shall serve as the basis for goods inventory movement. Received and issued goods management is performed with help of computer software "1C". Uninterrupted inventory method is applied in monitoring wholesale movement of goods. During the reporting year, warehouse management software reflected every movement of inventory- sale, internal movement, return of goods to the supplier, return of goods from buyers. The goal of annual inventory is to check the correctness of inventory movement management system. Inventories are valued using FIFO method.

In case of necessity, outdated, slow turnover or damaged inventories' values decrease is written-off, or provisions are made. Unused material values and stocks at the end of reporting period are valued on historic cost basis, with addition of additional costs (Customs' duties, transport costs, delivery services etc) proportion which is related to the stocks valued.

# Write-off of purchased invetory's values:

Inventory items are recorded in the actual volumes at historical cost in the sub account specially dedicated for these purposes. Inventory balances are checked during annual inventory.

#### **Debtors**

Accounts receivable are valued on precautionary basis in the balance sheet, showing only real debtors. Actual accounts receivable amounts comply with the contracts and other documents presented. The accounts receivable comparison is performed and bad debts are written off as well as provisions for doubtful debts have been made, based on evaluation of individual client's financial standing and operating activity analysis.

Accounts receivables are shown in the Balance Sheet on a net (purchase) value, with special provisions for doubtful debts subtracted. The necessary amount of provisions has been set by analysing each debtor and by performing debt comparison.

Bad debts are written off when the likehood of recovering the debt becomes unrealistic and impossible.

Debtor and creditor liabilities are checked in the 4th quarter of every reporting year, and reconciliation statement is issued.

The debtor and creditor mutual reconciliation has been performed with mutual reconciliation acts.

Differences, discovered during comparison of accounting data are to be resolved in the annual report for the reporting year.

#### Net turnover

Turnover is the total of goods sold during the year less discounts granted Value Added Tax.

#### Income and expenses acknowledgemen

- 1. Income from sale of goods is recognised when the transaction complies with the following requirements:
- a) The Company has handed over to the buyer distinctive risks and rewards together with ownership rights of the goods;
- b) The Company no longer executes holding rights or control related to the ownership rights over the goods sold;
- c) can credibly evaluate the income amount;
- d) it is believed that as a result of the transaction, the Company will receive commercial benefits;
- e) can credibly evaluate costs arisen or arising related to the transaction.

Sale of goods is reflected, considering transaction's economic nature, not only legal form.

- 2. Result of the service supply transaction can credibly calculate, if the following conditions are met:
- a) can credibly evaluate the income amount;
- b) it is believed that as a result of the transaction, the Company will receive commercial benefits;
- c) can credibly evaluate, what is service supply volume in percentage at the Balance Sheet date;
- d) can credibly evaluate costs arisen or arising related to the transaction.
- 3. Incomes which arise if other parties use Company's assets and thus receive interest, royalties or dividends, can be recognised using the following methods, if:
- a) it is believed that as a result of the transaction, the Company will receive commercial benefits;
- b) can credibly evaluate the income amount;

Incomes are recognised, using the following methods:

- \* interest, based on the proportional division of time, taking into account actual profitability;
- \* royalties are recognised in accordance with accumulation principle in connection with the corresponding agreement;
- \* dividends are recognised when the Company has legal grounds to receive them.
- 4. Incomes from rent at the moment of coming into existence;

All significant cost items are processed per accumulation principle.

# Cash and cash equivalents

Cash and cash equivalents consist from cash on hand and current balances in the bank accounts.

# Financial Asset's or Liability's real value

The real value of financial assets and liabilities reflect the cash quantity, for which the asset can be sold or liabilities can be paid off between two independent parties. Should in Management's view, financial asset and liability real value is different from the Balance Sheet values, then that real value of assets and liabilities can be separately reflected in the Notes to the Financial Statements.

# **Accounts Payable**

Accounts payable are shown in the Balance Sheet on the basis of corresponding documents and entries in the accounting registers, which are compared with creditors' own data.

These liabilities are correspondingly separated into long-term debts (liabilities) and short-term liabilities. Short-term liabilities liabilities which arise during the usual operating of the company and which should be settled not later than 12 months after the Balance Sheet date. Long-term liabilities - liabilities, settlement of which should start not earlier than one year after end of the reporting year. Loan or leasing liabilities are divided accordingly into short-term and long-term parts.

#### Reserves

Reserves are formed in order to cover certain liabilities, which are related to the reporting period or previous periods, can be foreseen at the time of preparation of the Annual Report or known not to exceed these amounts. The level of the reserves is set in accordance with the methods, adopted by the Company.

#### **Provisions for unused vacations**

Amount of the provisions is calculated by dividing the total salaries for 2006 by 12 months.

#### Loans received and loans issued

Loans received and loans issued are initially shown in their original amount, which is stated in corresponding Loan Agreement at the transaction date.

Amounts of loans issued from the lending institutions are to be compared with the written statements with acceptance from lending institutions at the end of the reporting year. For loans received in foreign currency, the remaining principal amount is calculated per Bank of Latvia exchange rate on the last day of the reporting year.

#### **Deferred Liabilities**

All invoices, received or issues after the reporting year yet related to the expenses which have arisen during the reporting year, the costs of which are known at the end of the reporting year, are treated as deferred liabilities.

Deferred liabilities are shown in the Balance Sheet in a separate row.

#### Taxes

Corporate Income Tax for the reporting year is included in the Financial Statements, based on the known tax rates at the date of the Balance Sheet, in accordance with calculations performed in compliance with the tax legislation of the Republic of Latvia.

Deferred tax is calculated in accordance with the liabilities method in relation to all temporary discrepancies between assets and liability amounts in the Financial Statements and their values for the purpose of tax calculations. Tax rate used for calculation of deferred tax, is a rate which is expected to be during the period in which the temporary discrepancies are resolved based on the tax rates effective on the date of the Balance Sheet. Temporary discrepancies mainly arise die to usage of different fixed asset depreciation rates, as well as from tax losses, which are transferred to the future taxation periods.

The total deferred tax result is shown in the Asset part of the Balance Sheet and is to be entered in the Financial Statements only in cases when the return of the tax is definite.

The reconciliation of tax liability data with State Revenue Service is performed.

#### **Calculations**

Preparation of the Financial Statements Management is basing on the known calculations and approaches, which affect certain definitions and amounts in the Financial Statements. Thus actual results may differ from these calculations. Legislation of the Republic of Latvia states that when preparing Financial Statements, Company's management has to evaluate and to draft assumptions, which affect both Balance Sheet and off-Balance Sheet assets and liabilities on the Balance Sheet date, as well as shown incomes and expenses for the reporting period. Actual results may differ from these assumptions (for example, deferred Corporate Income Tax liabilities, vacation provisions etc).

# Possible liabilities and assets

In these Financial Statements possible liabilities are not displayed but are reflected in the Notes to Financial Statements. As liabilities are recognised only when, if possibility that the funds will be paid out becomes founded. Possible assets in these Financial Statements are not recognised. Possible assets are shown in the Financial Statements only when there is enough proof that the economical benefits will reach the company.

### Events after the end of the reporting year

Certain events which give additional information about Company's financial standing at the Balance Sheet date (correcting factors) have been considered during the preparation of the Financial Statements. If post Balance Sheet date events are not correcting factors, they are included in the Financial Statements only if they are substantial.

#### Related parties

The following sides are treated as "related parties": shareholders of the Company, Board Members, their close family members and companies which are under control or significant influence to the aforementioned related parties.

#### **Entry re-classification**

In 2008, in accordance with changes in legislation and Management's view, no re-classifications has been done, when compared to the Financial Statements for the year 2009.

# 2. Notes to the Profit and Loss statement entries

# Note Nr.1 Net Turnover

Net turnover is income from main activity of the Company, sale of goods and supply of services from which trade discountsa and other assigned discounts are subtracted, as well as Value Added Tax, Excise Tax and other taxes, directly related to sales.

# INDEPENDENT AUDITORS REPORT

# To the Shareholders "VEF Radiotehnika RRR" JSC

# Report on the Financial Statements

We have audited the accompanying financial statements on pages 6 to 21 of "VEF Radiotehnika" JSC, which comprise the balance sheet as of 31 December 2010 and the related calculation of profit or loss, statement of the capital changes in equity and cash flow statement for the year then ended and a summary of significant accounting policies and other explanatory notes.

# Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the requirements of the Annual Accounts Act of the Republic of Latvia. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies, and making accounting estimates that are reasonable in the circumstances.

# Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. Except as mentioned in the paragraph. We conducted our audit in accordance with International Standards on Auditing as adopted by the Latvian Association of certified auditors. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

# Finansists

auditoru firma

# Opinion

In our opinion, the accompanying financial statements give a true and fair view of the financial position of "VEF Radiotehnika RRR" JSC, on December, 31, 2010, and its operations and its cash flows for the year then ended in accordance with the requirements of the Annual Accounts Act of the Republic of Latvia.

# Report on the Management Report

We have read the Management Report set out on page 4 to 5 and did not identify material inconsistencies between the financial information contained in the Management Report and that contained in the financial statements for 2010.
