Section D. Risks

D.1		N/A
		<p>In carrying out its operating activities, ABLV Bank is subject to various risks. Most significant risks that may decrease the Issuer's ability to perform its obligations.</p>
D.2	Key information on the key risks	<ol style="list-style-type: none"> 1. Credit risk Credit risk is exposure to potential losses in case of ABLV Bank counterparty or debtor being unable to pay the contractual obligations to ABLV Bank. 2. Liquidity risk Liquidity is ABLV Bank ability to maintain or ensure sufficient cash flow to meet the expected (everyday) or sudden (critical) need for the same in order to provide financing for asset growth or discharge the financial obligations in a due time. This means the ability to turn assets into cash with minimal loss or ensure reasonably priced credit facilities. 3. Currency exchange rate fluctuation risk ABLV Bank is exposed to negative effects of fluctuations in the foreign currency exchange rates on its financial position and cash flow.

		<p>4. Interest rate risk Interest rate risk represents the adverse effect of the market interest rate fluctuations on ABLV Bank financial position.</p> <p>5. Non-financial risks During the course of its operations, ABLV Bank encounters also non-financial risks (including operational risk, reputational risk, etc.) with exposure to sudden loss. The cause of such risks may be, for instance, clerical errors or fraud, break-downs in information systems, insufficient internal control and procedures, etc.</p> <p>6. Competition risk As at the end of 2016, 86% of total deposits with ABLV Bank were the deposits placed by foreign clients. Consequently, operations of the Issuer are only partly subject to competition risk in the local market.</p> <p>7. Legal risk (incl. tax) The risk related to amendments in laws, regulations, and other legal acts, or to implementation of new legal acts, which may result in reorientation of the Issuer's activities or abandonment of particular lines of the Issuer's financial activities. This may have consequent negative impact on the Issuer's earning capacity and stability.</p>
		Risk factors associated with the Bond issue:
D.3	Information on the risks specific to the Bonds	<p>1. Liquidity risk Listing of the Bonds in the Stock Exchange Nasdaq Riga Bond List does not guarantee liquidity of the Bonds, and therefore the Investor should assess potential risk of limited possibilities of selling the Bonds in the secondary market due to insufficient interest of other market players. If there is no sufficient interest in the secondary market (liquidity shortfall), it may be difficult for the Investor to sell the Bonds at adequate market price.</p> <p>2. Price risk Price of the Bonds in the secondary market may fluctuate in accordance with the Investors' interest, which can be affected by macroeconomic processes, events concerning one or several Investors, and also, inter alia, events concerning the Issuer. The Investors' opportunities of gaining profit may vary accordingly from time to time.</p> <p>3. Legal risk (incl. tax) The risk related to amendments in legislation, regulations and other legal acts, or to implementation of new legal acts, which may cause additional expenses or reduce return on investment. This risk also covers possible changes in applicable tax assessment and withholding procedures.</p>
